Defining and Transforming The Future

ANNUAL REPORT 2022

The name **Pacific Century Premium Developments** signifies the company's sharp focus on the high-end segment of property markets in the region.

In Chinese, the name takes on a more aspirational meaning that invites reflection on the company's origins and progress to the present day, as well as its ambitions for the future.

The structure of the name contains a reference to rivers and streams leading to the sea. According to ancient literature, all such waterways share that destiny and tend to be individually active and dynamic in making their way to the coast, where they finally achieve success together.

The Chinese version of PCPD's name also symbolises vigorous growth into prosperity and can be likened to acorns developing into oak trees, which are well known for their towering size, solid stature and longevity. Interestingly, this analogy is very similar to the popular English saying: 'From tiny acorns do mighty oak trees grow'.

CORPORATE PROFILE

Park Hyatt Niseko Hanazono Residences and
Park Hyatt Niseko Hanazono in Japan

Pacific Century Premium Developments Limited (“PCPD” or the “Group”, SEHK: 00432) is principally engaged in the development and management of premium-grade property and infrastructure projects as well as premium-grade property investments. PCCW Limited (“PCCW”, SEHK: 00008) is the single largest shareholder of the Group.

PROPERTY DEVELOPMENT AND INVESTMENT

PCPD completed the last phase of its signature project Residence Bel-Air at the end of 2008. This has become one of the city’s most prestigious residential developments. The Group also developed ONE Pacific Heights, a prime residential project situated in the western part of Hong Kong Island.

The Group continues to explore investment opportunities around the world. In line with this strategy, the Group has drawn up long-term development plans for world-class all-season luxury resorts in Hokkaido, Japan and Phang Nga, Thailand. In Hokkaido, Japan, Park Hyatt Niseko, Hanazono has been in operation since early 2020 and the Group has started to plan for the next phase of development. As for the project in Phang Nga, Thailand, the Group commenced sales of the first batch of villas in 2019, and the golf course and golf club have been in operation since mid-2021.

The Group acquired a site located in Sudirman CBD, Jakarta, Indonesia in 2013 and developed it into a premium Grade A office building. It has become one of the busiest multinational corporation hubs in that area.

In 2018, the Group acquired a prime site at 3–6 Glenealy in Central, Hong Kong. The Group intends to redevelop the site into a luxury residential development.

PROPERTY AND ASSET MANAGEMENT

Leveraging on its extensive experience and expertise, the Group provides property and asset management services for various kinds of premises.

STATEMENT FROM THE NON-EXECUTIVE CHAIRMAN

Aquilla, Phang Nga, Thailand

In the year to come, we will launch a series of measures to capture market opportunities. We remain confident of our ability to navigate challenges in the broader economic environment, and we will stay cautiously optimistic about the property sectors in Hong Kong, Japan, Thailand and Indonesia in the long term.

2022 was fraught with challenges and extraordinary events. While the worst of the COVID-19 pandemic was over, global supply chains remained under significant pressure and yet pandemic-induced pent-up demand was released. In addition, the Russia-Ukraine war sent energy prices soaring. All these have driven inflation to record highs and prompted central banks to raise interest rates. The results were cycles of market volatility and uncertainty throughout the year.

According to the International Monetary Fund, global growth will slow to 2.7% in 2023, from 3.2% in 2022 and 6% in 2021. Despite the gloomy forecast, glimmers of hope appeared during the year as decisions have been increasingly guided by the idea of living with COVID-19. In the latter half of 2022, various parts of Asia, including Japan, Thailand, Indonesia and Hong Kong where we have operations, relaxed travel and other COVID-19 restrictions gradually. China also took a major step in December 2022 to lift COVID-19 restrictions and reopen the country. The changes are expected to have positive ramifications globally.

Throughout the pandemic, PCPD has demonstrated immense resilience and ingenuity amid many challenges and uncertainties. While remaining confident of the Hong Kong, Japanese, Indonesian and Thai economies in the long run, we will adhere to a prudent approach to mitigating risks as well as capturing post-pandemic market opportunities.

I would like to take this opportunity to thank our shareholders and stakeholders for their constant support for the Group over the years. I would also like to thank our management team and all staff members in Hong Kong and overseas offices for their diligence and hard work in 2022.

STATEMENT FROM THE DEPUTY CHAIRMAN AND GROUP MANAGING DIRECTOR

The Group recorded a consolidated revenue of HK\$561 million for the financial year ended December 31, 2022, representing a year-on-year increase of 20% from HK\$467 million for the previous financial year.

The Group logged a consolidated operating loss of HK\$215 million for 2022, compared to HK\$358 million for 2021.

The consolidated net loss attributable to equity holders of the company totalled HK\$598 million for 2022, compared to the consolidated loss of HK\$825 million for 2021. Basic loss per share was 29.34 Hong Kong cents, compared to the basic loss per share of 42.46 Hong Kong cents for 2021.

The Board of Directors has not recommended a final dividend for the year ended December 31, 2022.

As the world began to embark on the path of normality in 2022 following more than two years of COVID-19 pandemic, the Group's business remained steady during the year. In particular in Asia, where various countries and regions relaxed their travel restrictions and reopened borders progressively, we have benefited from improved market sentiment.

In Japan, the tourism and airline industries experienced a strong rebound in travel demand shortly after the country relaxed its border control measures in October. The new policy was a boon for Park Hyatt Niseko, Hanazono. In the month of December 2022, the occupancy was 62%, an increase from 38% recorded in the same period in 2021. We expect the hotel to continue doing well during this winter season. Meanwhile, the launch in July 2022 of "42°N Art Hanazono — Mountain Lights", a light art exhibition by British artist Bruce Munro, and "Hanazono Zipflight", which features the longest zipline in East Asia, was a timely move enabling the Group to grasp post-pandemic opportunities in the coming summer while shaping Hanazono as a world-class all-season resort.

The Indonesian authorities' policy of easing pandemic restrictions gradually has had a positive impact on the local economy. Pacific Century Place, Jakarta, our premium commercial property located in Indonesia, recorded an occupancy rate of 81% as at December 31, 2022, compared to 80% in the previous year.

STATEMENT FROM THE DEPUTY CHAIRMAN AND GROUP MANAGING DIRECTOR

Aquella Golf Club, Thailand

Thailand's tourism sector has also bounced back, thanks to the Thai authorities' carefully planned return of international tourists. In 2022, the total number of foreign travellers to the country surged by more than 130% from 2021 to over 10 million. The golf clubhouse and the 18-hole golf course in Phang Nga, likewise experienced a rebound, with the number of visitors and golf rounds increasing notably during the year.

In Hong Kong, the foundation work for our property development project at 3-6 Glenealy, Central, commenced in the first quarter of 2022 and has been progressing well.

As the world is moving on from COVID-19, we take a cautiously optimistic outlook on the real estate sectors in Hong Kong, Japan, Thailand and Indonesia. Nonetheless, we will not lose sight of the challenges and uncertainties in 2023, such as inflation and a potential global recession. We will closely monitor market conditions and follow a prudent approach, while staying nimble in the way we operate our businesses in order to capture growth opportunities.

KEY BUSINESS STRATEGIES

The Group is principally engaged in the development and management of premium-grade property and infrastructure projects as well as premium-grade property investments. PCPD aims to create and enhance value for its shareholders through development projects, acquisitions and joint ventures.

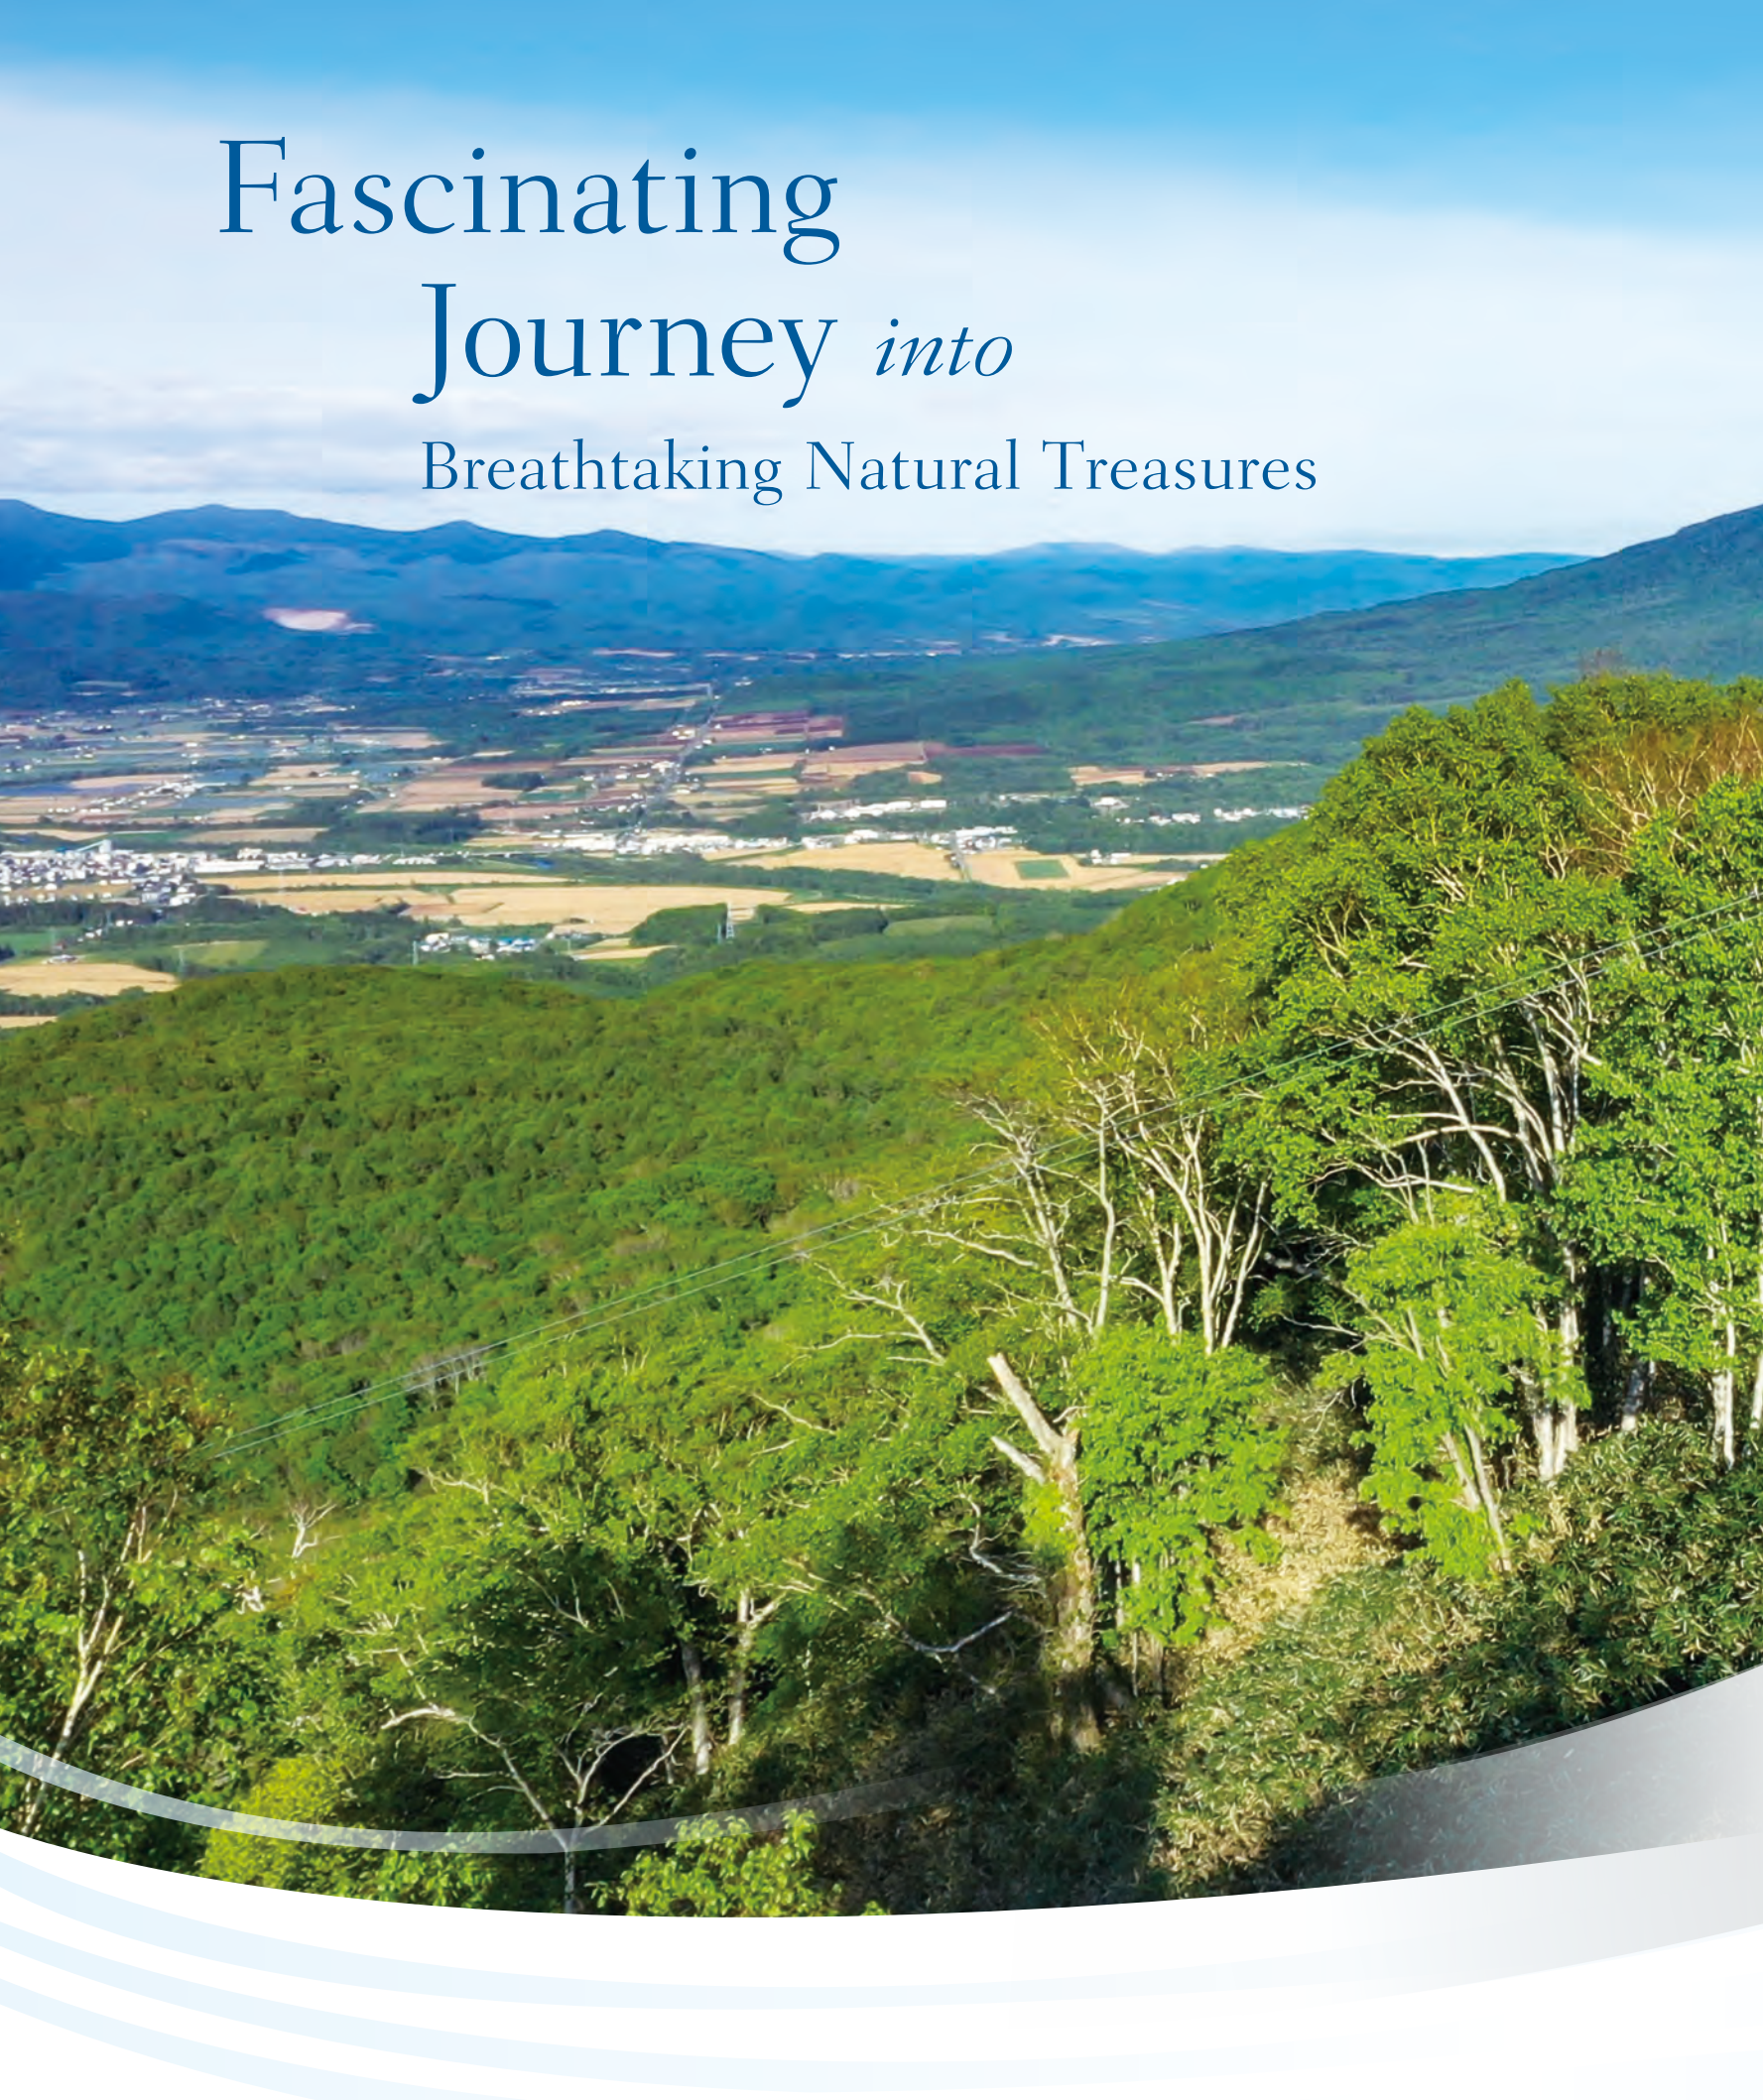

For this purpose, we embrace two key business strategies:

1. *Maintain long-term growth and profitability by developing and investing in premium-grade properties*

We will focus on the development of our existing land bank in Hanazono, Niseko in Japan and Phang Nga, Thailand as well as our Glenealy site in Hong Kong. In addition, we are proactively seeking suitable premium development projects to generate favourable returns and sustain long-term growth for the Group.

2. *Enhance our opportunities in real estate markets worldwide by leveraging on our experience, expertise, and brand established in developing and managing luxury residential, resort and hotel properties, and premium-grade buildings*

We intend to replicate our success and maximise the strengths of our brand through new projects. We would explore opportunities to participate in projects with the benefit of economies of scale and deploy our strength, and to acquire and upgrade properties for investment or sale, whether through establishing joint ventures or by setting up real estate funds.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The Management's discussion and analysis of the audited consolidated financial results and operations relating to the business of Pacific Century Premium Developments Limited ("Company") and its subsidiaries (together with the Company, "Group") for the year ended December 31, 2022 is set out below.

REVIEW OF OPERATIONS

Property investment and development

Property investment in Indonesia

In Jakarta, Indonesia, the occupancy of our premium commercial building, Pacific Century Place, Jakarta ("PCP Jakarta"), maintained stable throughout the year. At the end of December 31, 2022, the office space occupancy was at 81%. The gross rental income amounted to HK\$239 million for 2022, compared to HK\$248 million in 2021.

Property development in Japan

The Group has no revenue from its property development in Japan for the year ended December 31, 2022 compared to HK\$42 million in 2021.

Property development in Hong Kong

The foundation work for our property development project at 3-6 Glenealy, Central, has been progressing well since its commencement in the first quarter of 2022.

Hotel operations, recreation and leisure operation in Japan

Hotel operations in Japan

Park Hyatt Niseko, Hanazono, one of our hotel operations in Hokkaido, turned in a satisfactory performance in 2022 year-on-year, mainly because Japan opened up its borders in October 2022. In the month of December, 2022, the occupancy was 62%, an increase from 38% recorded in the same period in 2021.

The Group's revenue from its hotel operations in Japan amounted to HK\$150 million for the year ended December 31, 2022, a considerable increase from HK\$74 million in 2021.

Property development and golf operation in Thailand

In Phang Nga, Thailand, the Group has sold or reserved 33% of our phase 1A villas. The Group's revenue from its property development in Thailand amounted to HK\$24 million for the year ended December 31, 2022 compared to HK\$8 million in 2021.

Visitors to the golf clubhouse and the 18-hole golf course and the number of golf rounds increased notably during the year, thanks to the Thai government's decision to ease travel restrictions progressively. For the year ended December 31, 2022, the Group's revenue from its golf operations in Thailand amounted to HK\$5 million, compared to HK\$2 million in the previous year.

Recreation and leisure operation in Japan

The Group's all-season recreational operation is located in Niseko, Hokkaido, Japan, which is one of the premium ski destinations in the world. There are various facilities and recreational activities operated by the Group, including "Hanazono EDGE" (a restaurant and entertainment centre), ski lifts, ski equipment rental, a ski school and snowmobile tours in the winter, rafting tours, golfing in the summer, and the recently launched "Hanazono Zipflight", which features the longest zipline in East Asia.

Japan's move to open its borders and lift travel restrictions in the second half of 2022 had a positive impact on our all-season recreational business in Niseko. Revenue from this segment rose to HK\$74 million for the year ended December 31, 2022 from HK\$37 million for the year ended December 31, 2021.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Property and facilities management

Hong Kong

The Group provides property management and facilities management services in Hong Kong and generated a revenue of HK\$31 million for the year ended December 31, 2022 compared to HK\$30 million in 2021.

Other businesses

Other businesses of the Group mainly include property management services in Japan and property investment in Hong Kong. The revenue from these other businesses amounted to HK\$38 million for the year ended December 31, 2022 compared to HK\$26 million in 2021.

MANAGEMENT'S DISCUSSION AND ANALYSIS

FINANCIAL REVIEW

Review of results

The consolidated revenue of the Group was HK\$561 million for the year ended December 31, 2022, representing an increase of 20 per cent from HK\$467 million in 2021. The increase was mainly due to the increase in operating revenue from hotel operations and all-season recreational operations in Niseko, Hokkaido, Japan.

The consolidated gross profit of the Group for the year ended December 31, 2022 was HK\$333 million, representing an increase of 8 per cent from HK\$307 million in 2021. For the year ended December 31, 2022, the gross profit margin was 59 per cent compared to 66 per cent in 2021.

The general and administrative expenses were HK\$662 million for the year ended December 31, 2022, representing an increase of 2 per cent from HK\$652 million in 2021. The increase was mainly due to the higher operating costs from hotel operations and all-season recreational operations in Niseko, Hokkaido, Japan.

The consolidated operating loss for the year ended December 31, 2022 decreased to HK\$215 million as compared to HK\$358 million in 2021. Such decrease was mainly due to the gain on disposal of a piece of land in Japan as settlement of certain development costs and the improved performance in hotel operations and all-season recreational operations in Niseko, Hokkaido, Japan.

The Group recorded lower finance costs of HK\$343 million for the year ended December 31, 2022 compared to HK\$432 million for 2021. The decrease was mainly due to a one-off loss arising from the partial redemption of the 4.75% guaranteed notes in June 2021. The consolidated net loss after taxation was HK\$598 million for the year ended December 31, 2022, as compared to HK\$825 million in 2021. Basic loss per share during the year under review was 29.34 Hong Kong cents compared to basic loss per share of 42.46 Hong Kong cents in 2021.

Current assets and liabilities

As at December 31, 2022, the Group held current assets of HK\$1,811 million (December 31, 2021: HK\$4,854 million), mainly comprising properties under development/held for sale, cash and cash equivalent, short-term deposits, sales proceeds held

in stakeholders' accounts, restricted cash, and prepayments, deposits and other current assets. The decrease in current assets is mainly attributable to the redemption of the remaining US\$307 million of the 4.75% guaranteed notes in March 2022 and settlement of development costs. Sales proceeds held in stakeholders' accounts amounted to HK\$506 million as at December 31, 2022 (December 31, 2021: HK\$504 million). The level of restricted cash increased to HK\$153 million as at December 31, 2022 (December 31, 2021: HK\$119 million).

As at December 31, 2022, the Group's total current liabilities amounted to HK\$1,495 million, as compared to HK\$3,363 million as at December 31, 2021. The decrease was mainly due to the redemption of the remaining US\$307 million of the 4.75% guaranteed notes in March 2022. As at December 31, 2022, the current ratio was 1.21 (December 31, 2021: 1.44).

Capital structure, liquidity and financial resources

As at December 31, 2022, the Group's borrowings amounted to HK\$9,028 million (December 31, 2021: HK\$11,307 million). The balance as at December 31, 2022 represented the amortised cost of financial liabilities in respect of the 5.125% guaranteed notes of US\$800 million issued (equivalent to HK\$6,239 million), the total outstanding principal amount of Japanese Yen ("JPY") 11,140 million (equivalent to HK\$651 million) under all JPY loan facilities, together with the principal amount of HK\$2,138 million under the Hong Kong dollar loan facilities.

On March 9, 2017 and October 3, 2019, PCPD Capital Limited ("PCPD Capital"), an indirect wholly-owned subsidiary of the Company, issued respective principal amounts of US\$570 million and US\$130 million 4.75% guaranteed notes due 2022 ("Notes"), which are listed on the Singapore Exchange Securities Trading Limited. The Notes are irrevocably and unconditionally guaranteed by the Company and rank pari passu with all other outstanding unsecured and unsubordinated obligations of PCPD Capital and the Company. On June 7, 2021, the Company announced to invite holders of the Notes to tender any or all Notes held by them for purchase by the Company for cash (the "Tender Offer"). On June 18, 2021, the Company completed the settlement of the Tender Offer, accepted for purchase and cancelled US\$384 million in aggregate principal amount of the Notes and resulted in a loss of redemption of HK\$60 million. In October 2021 and December 2021, the Company repurchased and cancelled US\$9 million of the Notes. On March 9, 2022, the maturity date of the Notes, PCPD Capital has fully repaid all remaining Notes.

On June 18, 2021, PCPD Capital issued in aggregate principal amount of US\$800 million 5.125% new guaranteed notes due 2026 ("New Notes"), which are listed on the Singapore Exchange Securities Trading Limited. The estimated fair value of the option of the early redemption and repurchase rights are recognised as financial assets at fair value through profit or loss. The New Notes are irrevocably and unconditionally guaranteed by the Company. The New Notes rank pari passu among themselves and with all other present and future unsecured and unsubordinated obligations of PCPD Capital and the Company.

On June 9, 2017, an indirect wholly-owned subsidiary of the Company entered into a term loan facility agreement which the lender had agreed to make available a term loan facility up to an aggregate amount of JPY1,500 million ("JPY Facility 2026"). The maturity date of the JPY Facility 2026 is December 2026. Such facility is secured by the land and buildings and a bank account of the indirect wholly-owned subsidiary and the indirect wholly-owned subsidiary is subject to certain financial covenants which are commonly found in lending arrangements with financial institutions. As at December 31, 2022, none of the covenants were breached. The carrying value of the borrowing as at December 31, 2022 represents the outstanding principal amount of JPY600 million (equivalent to HK\$35 million) (December 31, 2021: JPY750 million) offset by the deferred arrangement costs of JPY14 million (equivalent to HK\$1 million) (December 31, 2021: JPY22 million).

In April, 2021, a project development loan facility was entered by an indirect wholly-owned subsidiary of the Company which the lenders agreed to make available a term loan facility up to an aggregate amount of HK\$1,382 million ("HK\$ Loan 2026"). The maturity date for the HK\$ Loan 2026 is the earlier of April 13, 2026 or twelve months after occupation permit of the development project in Hong Kong being issued by the building authority. The HK\$ Loan 2026 is secured by certain land and property, bank accounts, shares and other assets of the indirect non-wholly owned subsidiaries and the Company and the indirect non-wholly owned subsidiary are subject to certain financial ratios covenants which are commonly found in lending arrangements with financial institutions. As of December 31, 2022, none of the covenants were breached and the carrying value of the HK\$ Loan 2026 represents the loan drawdown of HK\$880 million (December 31, 2021: HK\$827 million) offset by the deferred loan arrangement costs of HK\$10 million (December 31, 2021: HK\$13 million).

On March 29, 2018, an indirect wholly-owned subsidiary of the Company (the "Borrower") entered into a term loan facility agreement under which the lender agreed to make available term loan facilities up to an aggregate amount of JPY20,000 million. The facility comprises (1) a JPY10,000 million facility for the construction of a branded residence ("JPY Facility 2021") which matures on February 14, 2020 with an option to extend to March 31, 2021 and (2) a JPY10,000 million facility for the construction of a branded hotel ("JPY Facility 2023") with a maturity date of March 31, 2023. In February 2020, the Borrower has fully repaid the JPY Facility 2021. The JPY Facility 2023 is secured by certain land and property, ordinary and/or preferred shares of the Borrower and an indirect wholly-owned subsidiary of the Company (the "Hotel Operator"). The Borrower and the Hotel Operator are subject to certain financial ratios covenants which are commonly found in lending arrangements with financial institutions. As of December 31, 2022, none of the covenants were breached and the carrying value of the JPY Facility 2023 represents the outstanding principal amount of JPY10,000 million (equivalent to HK\$584 million) (December 31, 2021: JPY10,000 million) offset by the deferred loan arrangement costs of JPY14 million (equivalent to HK\$1 million) (December 31, 2021: JPY70 million). Subsequent to the balance sheet date, on February 1, 2023, the JPY Facility 2023 was extended with maturity date in February 2025.

On June 11, 2019, an indirect wholly-owned subsidiary of the Company entered into a term loan facility agreement under which the lender agreed to make available a term loan facility up to an aggregate amount of HK\$1,170 million. On June 27, 2022, an amendment of the term loan facility agreement was entered, and the available term loan facility was upsized to HK\$1,340 million. The maturity date of the term loan facility is in June 2024 ("HK\$ Loan 2024"). Such facility is secured by the land and buildings, bank accounts, shares and other assets of certain indirect wholly-owned subsidiaries of the Company. The Company and the indirect wholly-owned subsidiary are subject to certain financial ratios covenants which are commonly found in lending arrangements with financial institutions. As at December 31, 2022, none of the covenants were breached and the carrying value of the borrowing represents the loan drawdown of HK\$1,258 million (December 31, 2021: HK\$1,170 million) offset by the deferred loan arrangement fees of HK\$5 million (December 31, 2021: HK\$8 million).

MANAGEMENT'S DISCUSSION AND ANALYSIS

As at December 31, 2022, the net debt-to-equity ratio was 687.7 per cent (as at December 31, 2021: 311.6 per cent). The net debt is calculated from the aggregated principal amounts of borrowings of HK\$9,028 million less the aggregate of cash and cash equivalents and short term deposits of HK\$686 million.

The Group's borrowings were denominated in US dollars, Hong Kong dollars and Japanese Yen while the cash and bank deposits were held mainly in US dollars and Hong Kong dollars. The Group has foreign operations, and certain of its net assets are exposed to the risk of foreign currency exchange rate fluctuations. As at December 31, 2022, the assets of the Group in Indonesia, Thailand and Japan represented 34 per cent, 8 per cent and 23 per cent of the Group's total assets respectively. The Group's currency exposure with respect to these operations is subject to fluctuations in the exchange rates of Indonesian Rupiah, Thai Baht and Japanese Yen.

Cash generated from operating activities for the year ended December 31, 2022 was HK\$101 million compared to cash used in operating activities of HK\$392 million in 2021. The change in operating cash flow was mainly due to the collection of stamp duty refund for the property development project in Hong Kong and the refund of the value added tax overpayment and penalty for the property investment in Indonesia.

Equity fund raising activity

On March 24, 2021, the Company completed a rights issue of 450,980,764 rights shares at a subscription price of HK\$0.82 per rights share on the basis of one rights share for every two existing ordinary shares of the Company held by qualifying shareholders on February 25, 2021 (the "Rights Issue"). The net proceeds from the Rights Issue, after deducting directly attributable costs were HK\$363.3 million. As at December 31, 2022, consistent with the intended use of net proceeds as disclosed in the announcement dated March 23, 2021, the Group has applied (i) HK\$146.7 million towards the settlement of the construction costs and post-completion improvement works of the Park Hyatt Niseko Hanazono Residences and hotel project in Niseko, Hokkaido, Japan with HK\$23.3 million savings due to favorable exchange difference and the savings were allocated towards item (iii) below; (ii) HK\$130 million towards the war chest for funding the working capital requirements of all our businesses in Niseko, Hokkaido, Japan; and (iii) HK\$86.6 million towards the ongoing construction of infrastructure, including utilities, landscaping works, design and planning for the next

phase development and the new facilities for the expansion of resort-wide services and activities, in Niseko, Hokkaido, Japan, to further develop our Niseko Hanazono resort as an all-season worldwide attraction.

Income tax

The Group's income tax for the year ended December 31, 2022 was HK\$54 million, as compared to HK\$42 million in 2021. The increase was mainly due to the increase of withholding tax charged on the intercompany loan interest.

Security on assets

As at December 31, 2022, certain assets of the Group with an aggregated carrying value of HK\$7,713 million were mortgaged and pledged to the bank as security for the loan facility (December 31, 2021: HK\$8,245 million).

Contingent liabilities

There was no contingent liabilities during the year ended 31 December 2022.

EMPLOYEES AND REMUNERATION POLICIES

As at December 31, 2022, the Group employed a total number of 1,188 staff in Hong Kong and overseas (inclusive of property management staff borne by owners' account and seasonal staff employed overseas) (2021: 1,066 staff). The remuneration policies of the Group are in line with prevailing industry practices. Bonuses are paid on a discretionary basis taking into account factors such as performance of individual employees and the Group's performance as a whole. The Group provides comprehensive employee benefits, including medical insurance, a choice of provident fund or mandatory provident fund and training programmes. The Group is also a participating member of the PCCW employee share incentive award schemes.

The Company operates a share option scheme which was adopted by its shareholders at the Company's annual general meeting held on May 6, 2015, and became effective on May 7, 2015 following its approval by PCCW's shareholders ("2015 Scheme"). The 2015 Scheme is valid and effective for the period of 10 years commencing on May 7, 2015. Under the 2015 Scheme, the Board shall be entitled to offer to grant a share option to any eligible participant whom the Board may, at its absolute discretion, select.

DIVIDENDS AND DISTRIBUTION

The Board did not recommend the payment of a final dividend to shareholders nor a final distribution to bonus convertible noteholders for the year ended December 31, 2022 (2021: Nil).

The Board did not declare an interim dividend to shareholders nor an interim distribution to bonus convertible noteholders for the year ended December 31, 2022 (2021: Nil).

CLOSURE OF REGISTER OF MEMBERS AND CLOSURE OF REGISTER OF NOTEHOLDERS

The register of members and the register of noteholders of bonus convertible notes of the Company will be closed from May 19, 2023 to May 24, 2023, both days inclusive, during which period no transfer of shares and bonus convertible notes of the Company will be effected.

- (a) In the case of shares of the Company, all transfers, accompanied by the relevant share certificates, should be lodged with the Company's branch share registrar, Computershare Hong Kong Investor Services Limited, at Shops 1712-1716, 17th Floor, Hopewell Centre, 183 Queen's Road East, Wanchai, Hong Kong, for registration no later than 4:30 p.m. on May 18, 2023; and
- (b) In the case of bonus convertible notes of the Company, in order to be entitled to attend and vote at the forthcoming annual general meeting of the Company, the notice of conversion accompanied by the relevant note certificate and payment of the necessary amount should be surrendered to and deposited with the Company's registrar in respect of the bonus convertible notes, Computershare Hong Kong Investor Services Limited, at Shops 1712-1716, 17th Floor, Hopewell Centre, 183 Queen's Road East, Wanchai, Hong Kong, for conversion into shares of the Company no later than 4:30 p.m. on March 31, 2023.

OUTLOOK

Looking ahead to 2023, inflation and recession will be the focal point. While there are signs that inflation may have peaked, the three leading economies in the world, the US, the European Union and China, are all slowing down. Uncertainties surrounding the Russia-Ukraine war and geopolitical tension are likely to persist in the foreseeable future. All these fuel concerns over a looming recession. We anticipate that global markets will experience fluctuations in the year to come.

Nevertheless, global tourism arrivals are expected to increase further in 2023. Meanwhile, China's reopening, together with ebbing inflation and slowing interest rate hikes, is likely to help bring Asia's economic growth back on track. The Group looks forward to seizing new growth opportunities in the region.

In the year to come, we will launch a series of measures to capture market opportunities. These include optimising the occupancy of our various properties by introducing more superior services and amenities. We will also launch cost and revenue optimisation initiatives and optimise our resources in order to boost our business performance.

We remain confident of our ability to navigate challenges in the broader economic environment, and we will stay cautiously optimistic about the property sectors in Hong Kong, Japan, Thailand and Indonesia in the long term.

Last but not least, we will continue to be on the lookout for suitable projects and closely monitor the external environment, with a view to creating value for our shareholders.

BOARD OF DIRECTORS — CONTINUED

4. consideration of dividend policy and dividend amounts; and
5. monitoring of the corporate governance practices and procedures; and maintenance of appropriate and effective risk management and internal control systems of the Group to ensure compliance with the applicable rules and regulations.

The executive committee of the Board (“Executive Committee”) is responsible for considering in detail the policy decisions of the Board and implementing such decisions.

Mr Lee Chi Hong, Robert is the Non-executive Chairman of the Board and Mr Benjamin Lam Yu Yee is the Group Managing Director of the Company. The role of the Non-executive Chairman is separated from that of the Group Managing Director. The Non-executive Chairman is responsible for ensuring that the Board functions effectively, for providing leadership for the Board in setting goals and objectives for the Company and for ensuring that good corporate governance practices and procedures are established and enforced. The Group Managing Director is responsible for the day-to-day management of the Group’s businesses and operations and for ensuring effective implementation of the Group’s strategies. Mr Benjamin Lam Yu Yee is also the Deputy Chairman of the Board.

All of the directors have full access to all the relevant information and have been furnished with relevant information in a timely manner, including monthly updates from the management, reports from each committee of the Board and briefings on significant legal, regulatory or accounting issues affecting the Group. Directors are also entitled to seek independent professional advice with costs to be borne by the Company.

All directors have confirmed that they have given sufficient time and attention to the Company’s affairs. The Company has requested that each director shall disclose to the Company at the time of his/her appointment the number and nature of offices held in public companies or organisations and other significant commitments and with an indication of the time involved and disclose in a timely manner any changes thereto.

The Board has a structured process to evaluate its own performance and directors’ contribution on an annual basis including a self-evaluation questionnaire which has been completed by each director. The objectives of the evaluation are to assess whether the Board and the committees, as well as the directors have adequately and effectively performed its/their roles and fulfilled its/their responsibilities; and has/have devoted sufficient time commitment to the Company’s affairs; and to recommend areas for improvement. The evaluation process has confirmed that the Board and committees continue to operate effectively and that the performance of the directors and time commitment in discharging their duties as directors of the Company for the year ended December 31, 2022 were generally satisfactory.

BOARD OF DIRECTORS — CONTINUED

The directors acknowledge their responsibilities for preparing the financial statements for each financial year, which give a true and fair view of the financial position of the Company and the Group and of the financial performance and cash flows of the Group for the year in accordance with the Hong Kong Financial Reporting Standards, the Companies Ordinance (Chapter 622 of the Laws of Hong Kong) and the Listing Rules. In preparing the financial statements for the year ended December 31, 2022, the directors and the Chief Financial Officer have selected suitable accounting policies and applied them consistently, made judgements and estimates that were prudent and reasonable, stated the reasons for any significant departure from applicable accounting standards in Hong Kong and prepared the financial statements on a going concern basis. The directors and the Chief Financial Officer are responsible for keeping proper accounting records which would reflect with reasonable accuracy at any time the financial position, results of operations, cash flows and changes in equity of the Group. The statement of the external auditor of the Company relating to their reporting responsibilities on the financial statements of the Company is set out in the Independent Auditor's Report on pages 69 to 76.

At least one-third of the members of the Board are independent non-executive directors and hence the requirement under Rule 3.10A of the Listing Rules is complied with. In addition, the qualification and experience of Ms Chiang Yun, one of the independent non-executive directors of the Company, fulfil the requirement under Rule 3.10(2) of the Listing Rules; therefore, the requirement under Rule 3.10 of the Listing Rules is complied with. The Company has received from each of its independent non-executive directors a written confirmation confirming his/her independence to the Company and the Company considers that they are independent in accordance with Rule 3.13 of the Listing Rules.

All the directors of the Company are subject to retirement by rotation and re-election at the annual general meeting in accordance with the Bye-laws of the Company and in compliance with the CG Code. At each annual general meeting of the Company not less than one-third of the directors for the time being who have been longest in office shall retire from office by rotation. All directors are subject to re-election by shareholders at general meetings at least once every three years. The Company has issued formal letters of appointment to its directors setting out the key terms of their appointments as required under the Listing Rules.

The Non-executive Chairman of the Board holds meeting with the independent non-executive directors without the presence of other directors at least annually to ensure independent views and input are available to the Board, such mechanism is reviewed annually by the Board to ensure its implementation and effectiveness.

Independent non-executive directors are identified in all of the corporate communications in which the names of the directors are disclosed. An updated list of the Company's directors identifying the independent non-executive directors and the roles and functions of the directors is maintained on the websites of the Company and Hong Kong Exchanges and Clearing Limited ("HKEX").

In the year ended December 31, 2022, four Board meetings were held. The attendance record of individual directors at the board meetings is set out in the table on page 38.

CORPORATE GOVERNANCE REPORT

EXECUTIVE COMMITTEE

The Executive Committee operates as a general management committee with the overall delegated authority from the Board. This ensures that decisions can be taken quickly to enable the Group to seize opportunities in the fast-moving business environment. The Executive Committee is responsible for determining Group strategies, reviewing trading performance, ensuring adequate funding, examining major investment opportunities and monitoring management performance. The authority and duties of the Executive Committee are set out in writing in its terms of reference.

Current members of the Executive Committee are:

1. Li Tzar Kai, Richard (*Chairman*)
2. Benjamin Lam Yu Yee

REMUNERATION COMMITTEE

The remuneration committee of the Board ("Remuneration Committee") is responsible for ensuring that formal and transparent procedures are in place for developing the remuneration policy of the Company, for overseeing the remuneration packages of individual executive directors and senior management, and for providing effective oversight and administration of the share option scheme of the Company. The authority and duties of the Remuneration Committee are set out in writing in its terms of reference which specify, among other things, that it must comprise at least three members, and the majority of whom shall be independent non-executive directors; and the Chairman of the Remuneration Committee must be an independent non-executive director of the Company. The terms of reference are posted on the websites of the Company and HKEX.

The Company has adopted the model by which determination of the remuneration packages of individual executive directors and senior management is delegated to the Remuneration Committee. The Remuneration Committee is provided with sufficient resources to perform its duties and can seek advice from remuneration consultants or other independent external professional advisors if necessary.

The Remuneration Committee is chaired by an independent non-executive director. Current members of the Remuneration Committee are:

1. Chiang Yun (*Chairlady*)
2. Li Tzar Kai, Richard
3. Prof Wong Yue Chim, Richard

The majority of the members of the Remuneration Committee are independent non-executive directors.

REMUNERATION COMMITTEE — CONTINUED

The objective of the Company's remuneration policy is to help establish fair and competitive remuneration packages based on our business requirements and industry practice. In order to determine the level of remuneration and fees paid to members of the Board, market rates and factors such as each director's workload, responsibility and job complexity are taken into account. The following factors are considered when determining the remuneration packages of directors and senior management of the Company:

- business requirements;
- individual performance and contribution to results;
- company performance and profitability;
- retention considerations and the potential of individuals;
- corporate goals and objectives;
- changes in relevant markets, including supply and demand fluctuations and changes in competitive conditions; and
- general economic situation.

During the review process, no individual director is involved in decisions relating to his/her own remuneration.

In the year ended December 31, 2022, one Remuneration Committee meeting was held. The attendance record of individual directors at the committee meeting is set out in the table on page 38.

The following is a summary of the work performed by the Remuneration Committee in 2022:

- A. reviewed and approved the remuneration of certain executive directors for 2022 and their 2021 incentive bonus and performance incentives in 2021;
- B. reviewed the fees and remuneration of the non-executive directors for 2022 and made recommendations to the Board for approval; and
- C. reviewed the terms of reference of the Remuneration Committee and concluded that no revision was required.

Details of the remuneration of each director are set out in the consolidated financial statements on pages 108 to 110.

CORPORATE GOVERNANCE REPORT

NOMINATION COMMITTEE

The nomination committee of the Board ("Nomination Committee") is responsible for ensuring that a set of fair and transparent procedures is in place for the appointment and re-appointment of directors to the Board. The authority and duties of the Nomination Committee are set out in writing in its terms of reference which specify, among other things, that it must comprise at least three members, the majority of whom shall be independent non-executive directors and the Chairman of the Nomination Committee can be either the Chairman of the Board or an independent non-executive director of the Company. The terms of reference are posted on the websites of the Company and HKEX.

The Company has formal procedures for the appointment of a new director to the Board, and the appointment process is fair and transparent. The Nomination Committee reviews the structure, size, composition and the balance of skills, knowledge, experience and diversity of perspectives of the Board, identifies suitably qualified candidates to become Board members and makes recommendations to the Board on the selection of candidates nominated for directorships and on succession planning for directors. During the process, the Nomination Committee makes the selection of candidate based on merits and with due regard to the benefits of diversity he/she can bring to the Board.

The Board adopted a board diversity policy ("Board Diversity Policy") on February 25, 2013 with the primary objective of enhancing the effectiveness of the Board and the corporate governance standard of the Group. The Company recognises the importance of having a diverse team of Board members, which is an essential element in maintaining an effective Board. The Nomination Committee has been delegated the authority to review and assess the diversity of the Board by way of considering all aspects of diversity including but not limited to, age, cultural and educational background, gender and ethnicity, and professional experience, skills and knowledge with an objective of maintaining an appropriate mix and balance of skills, knowledge, experience and diversity of perspectives on the Board. A target of 30% female representation on the Board was set as a long term objective by the Board when the Board Diversity Policy was adopted. As at the date of this annual report, the female representation on the Board is 14%. The Nomination Committee is committed to improving gender diversity as and when suitable candidates are identified.

The Group work relentlessly in the past year towards our corporate objectives in diversity and inclusion. In 2022, our total workforce gender diversity is at 1 : 1.48 female to male ratio. The gender diversity ratio for senior staff is at 1 : 1.33. We consider that at present there is a reasonably high gender diversity in the Group's workforce, and will continue to monitor the need to maintain or, if desired or necessary, increase diversity to meet our corporate objectives.

The Nomination Committee will review and assess the Board Diversity Policy at least annually and make recommendation to the Board regarding appointment and re-appointment of directors. The Nomination Committee will give consideration to the Board Diversity Policy when identifying and selecting suitably qualified candidates. Selection of candidates will be based on a range of diversity perspectives, as well as professional experience, skills and knowledge, and how the candidate would contribute to the diversity of the Board. The diverse culture helps promote critical thinking and foster constructive debate, thereby enabling the Board in attaining its strategic objectives and achieving sustainable and balanced development for the Group.

NOMINATION COMMITTEE — CONTINUED

The Board adopted a nomination policy on November 13, 2018 which sets out the procedures and criteria to be used by the Nomination Committee for the selection, appointment and re-appointment of directors to the Board. In assessing the suitability of proposed candidate, the Nomination Committee has considered key factors which include but not limited to accomplishment, expertise, experience and diversity that the candidate can bring to the Board in all its aspects and the candidate's commitment in respect of available time and relevant interest. The Nomination Committee shall make recommendations for the Board's consideration and approval in respect of candidates to stand for election at a general meeting or for filling a casual vacancy. The Board has the ultimate responsibility for selection and appointment of directors as permitted in the Company's Bye-laws and shall have the final decision on all matters relating to its recommendation of candidates to stand for election at any general meeting.

The Nomination Committee is chaired by an independent non-executive director. Current members of the Nomination Committee are:

1. Dr Vince Feng (*Chairman*)
2. Li Tzar Kai, Richard
3. Prof Wong Yue Chim, Richard
4. Dr Allan Zeman
5. Chiang Yun

The majority of the members of the Nomination Committee are independent non-executive directors.

The Nomination Committee is provided with sufficient resources to perform its duties and can seek advice from independent external professional advisors if necessary. In the year ended December 31, 2022, one Nomination Committee meeting was held. The attendance record of individual directors at the committee meeting is set out in the table on page 38.

The following is a summary of the work performed by the Nomination Committee in 2022:

- A. reviewed and assessed the independence of all independent non-executive directors and advised the Board as to which of the directors were due to retire pursuant to the applicable laws of Bermuda, the Bye-laws of the Company and the CG Code and recommended the list of retiring directors for re-election at the 2022 annual general meeting;
- B. annual review of the structure, size and composition (including the skills, knowledge and experience) of the Board based on the Board Diversity Policy; and with a recommendation to the Board for approval;

CORPORATE GOVERNANCE REPORT

NOMINATION COMMITTEE — CONTINUED

At its meeting on February 14, 2023, the Nomination Committee reviewed the structure, size and composition (including skills, knowledge and experience) of the Board and formed the view that the Board has maintained a balance of skills, knowledge, experience and diversity of perspectives which was appropriate for the business of the Company for the year ended December 31, 2022, and had made recommendation to the Board for approval of the same. In performing its duties, the Nomination Committee can seek advice from outside legal counsels or other independent professionals at the Company's expenses if necessary.

AUDIT COMMITTEE

The audit committee of the Board ("Audit Committee") is responsible for ensuring (i) the objectivity and credibility of the Group's financial reporting; (ii) that the directors have exercised due care, diligence and skills prescribed by law when presenting results to the shareholders; (iii) that effective systems of risk management and internal controls are in place; (iv) that good corporate governance standards and practices are maintained by the Group; and (v) the Company's general compliance with regulatory obligations. The authority and duties of the Audit Committee are set out in writing in its terms of reference which are posted on the websites of the Company and HKEX.

The major duties of the Audit Committee include (i) making recommendation to the Board on the appointment, re-appointment and removal of the external auditor, compensation and supervision of the external auditor and to ensure the independence of the external auditor by reviewing the fees for audit and non-audit services provided to the Group by the external auditor in accordance with its adopted procedures; and (ii) maintaining of good corporate governance standards and practices and the whistleblower policy of the Group.

In addition, the Audit Committee will (i) evaluate the adequacy and review the effectiveness of the Company's disclosure controls and processes for financial reporting; (ii) review the design, implementation and monitoring of the Group's risk management and internal control systems on an ongoing basis; (iii) consider the changes in the nature and extent of significant risks, and the Company's ability to respond to changes in its business and the external environment; (iv) consider the scope and quality of management's ongoing monitoring of risks and of the internal control systems; and (v) consider significant control failings or weaknesses that have been identified during the period.

The Audit Committee also reviews the Group's financial statements and internal financial reports.

Current members of the Audit Committee are:

1. Prof Wong Yue Chim, Richard (*Chairman*)
2. Chiang Yun
3. Dr Vince Feng

All members of the Audit Committee are independent non-executive directors.

The Audit Committee assists the Board in fulfilling its corporate governance roles in overseeing the Company’s financial, operational, compliance, risk management and internal controls, as well as the resourcing of the finance and internal audit functions.

The Company has established an organizational structure with defined levels of responsibility and reporting procedures. Group Risk Management and Compliance (“GRM&C”) and Group Internal Audit (“GIA”) assist the Board and/or the Audit Committee in reviewing the effectiveness of the Company’s risk management and internal control systems on an ongoing basis. The Board through the Audit Committee are kept regularly apprised of the significant risks that may impact the Company’s performance.

Appropriate policies and controls have been designed and established to ensure that assets are safeguarded against improper use or disposal, relevant rules and regulations are adhered to and complied with, reliable financial and accounting records are maintained in accordance with relevant accounting standards and regulatory reporting requirements, and key risks that may impact the Company’s reputation and performance are appropriately identified and managed. The systems and internal controls can only provide reasonable, though not absolute, assurance against material misstatement or loss, as they are designed to mitigate, rather than eliminate the risk of failure to achieve business objectives.

RISK MANAGEMENT AND INTERNAL CONTROLS — CONTINUED

The Company's enterprise risk management framework is guided by the "Three Lines of Defence" operating model as shown below:

The First Line of Defence is responsible for identifying and managing risk as part of their accountability for achieving business and operational objectives where they also design and execute the internal control measures on a daily basis. Being the risk owners, the First Line of Defence has the responsibility to monitor and update the risk profiles on an ongoing basis which are measured against a pre-defined set of likelihood and impact criteria.

The Second Line of Defence provides the policies, frameworks, tools, techniques and advisory support to enable risk and compliance oversight of the First Line of Defence while ascertaining the relevant embedded controls are effective, as well as ensuring the consistency of categorization and measurement of risk attributes. The risk management process integrates both top-down and bottom-up approach to enable the identification, evaluation and management of risks holistically. Mitigation controls are recognized where opportunities for the enhancement of the existing control environment arise. This process is reviewed regularly by the Audit Committee and GRM&C such that any material findings will be reported to the Board.

The Third Line of Defence provides the Board, executive and senior management of the Company with assurance in an independent and objective manner. Such assurance work covers the effectiveness of governance, risk management, and internal controls, including the manner in which the First and Second Lines of Defence achieve risk management and control objectives.

GRM&C is responsible for the supervision of enterprise risk management activities while reviewing significant aspects of risk exposures of the Company through reporting to the Audit Committee at each regularly scheduled meeting, including key risks of the Company and the appropriate mitigation and/or transfer of identified risks. The operating units of the Company, as risk owners, identify, evaluate, mitigate and monitor their own risks, and report such risk management activities to GRM&C on a half-yearly basis.

GIA adopts a risk-based audit approach. The annual work plan of GIA covers all major activities and processes of the Company's operations, businesses and service units. Special reviews are also performed at the request of senior management. The results of these audit activities are communicated to key members of executive and senior management of the Company upon completion, and to the Audit Committee at each regularly scheduled meeting throughout the year. Audit issues are closely tracked and followed up for proper implementation such that progress will be reported to the Audit Committee, executive and senior management of the Company (as the case may be) periodically.

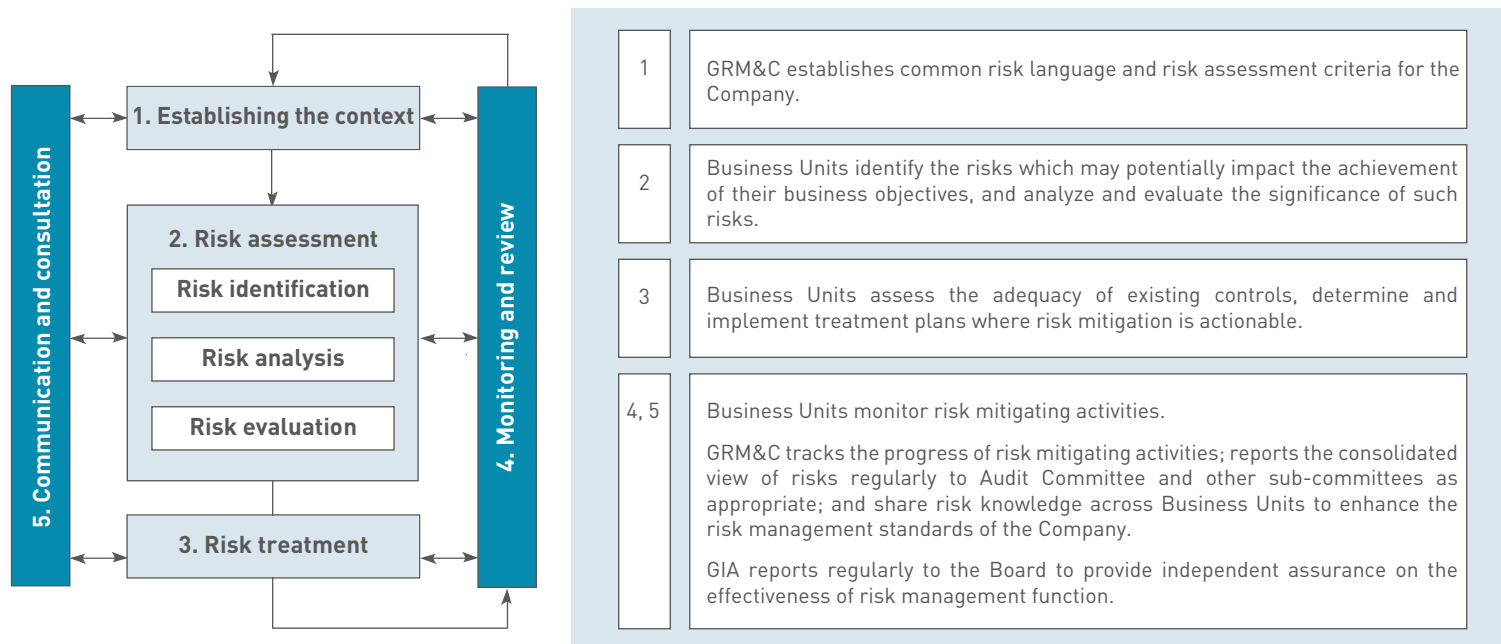

CORPORATE GOVERNANCE REPORT

RISK MANAGEMENT AND INTERNAL CONTROLS — CONTINUED

GIA maintains primary accountability to the Board and independence from the responsibilities of management. The Head of GIA reports functionally to the Chairman of the Audit Committee, and administratively to the Group Managing Director and the Chief Financial Officer of the Company.

The senior management of the Company, supported by the GRM&C and GIA, is responsible for the design, implementation and monitoring of the enterprise risk management and internal control systems, and for providing regular reports to the Board and/or the Audit Committee on the effectiveness of these systems.

The Company incorporates the principles of ISO 31000:2018 Risk Management — Guidelines as its overarching approach to manage its business and operational risks. The following diagram illustrates the key processes used to identify, evaluate and manage the Company’s significant risks:

The Company has adopted policies and procedures for assessing and, where prudent, improving the effectiveness of its enterprise risk management and internal control systems, including the requirement for executive management of the Company to regularly assess, and at least annually to personally certify that such aforementioned matters are deemed appropriate and functioning effectively with the view that they will further enhance the corporate governance of the Company and its business practices.

The Company has embedded its risk management systems in the daily operating practices. On a continuous basis, the respective operating units of the Company review and assess the status of potential risks which may impact their business objectives and/or those of the Company. This review process includes assessment as to whether the existing system of internal controls continues to remain relevant and effective, adequately addresses potential risks, and/or should be supplemented. The results of these reviews are recorded in the operating units risk registers for monitoring and incorporated into the Company’s consolidated repository for analysis of potential strategic implications and for regular reporting to senior management and directors of the Company.

RISK MANAGEMENT AND INTERNAL CONTROLS — CONTINUED

The Audit Committee has established and overseen a whistleblower policy, including a set of comprehensive procedures whereby employees, customers, suppliers and other concerned parties can report any actual or suspected occurrence of improper conduct involving a member of the Company, and for such matters to be investigated and dealt with efficiently in an appropriate, transparent and independent manner while the confidentiality of the whistleblower will be properly protected. The Chairman of the Audit Committee has designated the Head of GIA to receive on his behalf any such reports, to oversee the conduct of subsequent investigations, and to provide information, including recommendations arising from any investigations for consideration by the Audit Committee.

The Company regulates the handling and dissemination of inside information as set out in the Corporate Responsibility Policy and various supplementary procedures are in place to ensure inside information remains confidential until the disclosure of such information is appropriately approved, and the dissemination of such information is efficiently and consistently made.

The Company has implemented processes to undertake extensive testing of its internal controls, and annual certification is in place to support the assessment of the effectiveness of its enterprise risk management and internal control systems.

During 2022, GRM&C worked closely with the operating units, senior management, and the directors to further enhance the enterprise risk management systems including such activities, among other matters, increasing the number of training sessions and risk workshops; further standardizing risk reporting narrative, classification, and quantification; closer aligning assessment of internal controls with their inherent risks; and increasing the depth and frequency of interactions with the designated directors with respect to the design, operation and findings of the enterprise risk management system. GRM&C presented reports to the Audit Committee where they were reviewed and distributed to the Board. The same reports highlighted the development progress while assisted the directors in the review of the effectiveness of the enterprise risk management and internal control systems of the Company throughout the year.

During 2022, GIA conducted reviews on the effectiveness of the enterprise risk management and internal control systems of the Company over financial, operational and compliance controls with emphasis on information technology and security, data privacy and protection, business continuity management and corporate procurement. Additionally, the Company was required to evaluate its internal controls through the process of updating its risk register. These results were assessed by GRM&C and reported to the Audit Committee, which was then reviewed and reported the same to the Board. GIA would review the risk register as part of its annual work plan to determine the effectiveness of the risk assessments.

The Audit Committee and the Board were not aware of any areas of concern that would have a material impact on the Company's financial position or results of operations and considered the enterprise risk management and internal control systems to be generally effective and adequate including the adequacy of resources, staff qualifications and experience, training programs and budget of the accounting, financial reporting, GRM&C and GIA functions.

In addition to the review of enterprise risk management and internal controls undertaken within the Company, the external auditor also assessed the adequacy and effectiveness of risk management and internal controls as part of their statutory audits. Where appropriate, the external auditor's recommendations are adopted and enhancements to the risk management and internal controls would be made.

Further information on risk management and internal controls adopted and implemented by the Company is available under the "Corporate Governance" section on the Company's website.

COMPANY SECRETARY

On November 4, 2022, Mr Timothy Tsang has resigned and Mr Cheung Kwok Kuen Alan has been appointed as the company secretary of the Company. During the year ended December 31, 2022, Mr Cheung Kwok Kuen Alan has received no less than 15 hours of relevant professional training to refresh his skills and knowledge.

All directors have access to the advice and services of the company secretary, who is responsible for ensuring that the board procedures are followed, for advising the Board on all corporate governance matters, and for arranging induction programs including briefings on the general and specific duties of directors under legal and regulatory requirements for newly appointed directors. The company secretary facilitates the induction and professional development of directors.

CORPORATE GOVERNANCE REPORT

INVESTOR RELATIONS AND COMMUNICATION WITH SHAREHOLDERS

The Company is committed to promoting and maintaining effective communication with the shareholders and other stakeholders. A Shareholders Communication Policy has been adopted for ensuring the Company provides the shareholders and the investment community with appropriate and timely information about the Company in order to enable the shareholders to exercise their rights in an informed manner, and to allow the investment community to engage actively with the Company. During 2022, the Company conducted a review of the implementation and effectiveness of the Shareholders Communication Policy. Having considered the channels of communication and engagement in place, it is satisfied that the Shareholders Communication Policy has been properly implemented and is effective. The Shareholders Communication Policy is available on the Company's website (www.pcpd.com).

The Board approved and adopted a dividend policy in November 2018 which sets out its overall objective to deliver steady and sustainable returns to its shareholders. In proposing any dividend payment, the Board will take into account a number of factors which include the Group's financial position and results of operation, the distributions received from its subsidiaries and other investments, the funding needs for the operation and expansion of the Group's businesses, the prevailing economic and market conditions, and other factors the Board may consider relevant and appropriate. The policy states the current intention of the Board which is subject to change.

The Company encourages two-way communication with both institutional and private investors. Information on the activities of the Company is provided in the interim reports and annual reports as well as on the websites of the Company and HKEX. There are regular dialogues between institutional investors and the Company. Enquiries from individuals on matters relating to their shareholdings and the business of the Company are welcomed and they are dealt with in an informative and timely manner. Relevant contact information is provided on page 160 of this annual report.

CONSTITUTIONAL DOCUMENTS

During the year, a special resolution was passed at the Company's annual general meeting held on May 11, 2022 to approve amendments of the Company's Bye-laws which were made in order to align the Core Shareholder Protection Standards set out in Appendix 3 of the Listing Rules which took effect on 1 January 2022 and the relevant requirements of the applicable laws of Bermuda. Other amendments to the Bye-laws include explicitly setting out the flexibility of the Company to hold general meetings in physical form, hybrid form or electronic form, as well as other minor corresponding and housekeeping amendments. An up to date set of Bye-laws of the Company is available on the websites of the Company and HKEX.

SHAREHOLDERS' RIGHTS

1. *Procedures by which shareholders can convene a special general meeting*

Pursuant to the Bye-laws of the Company, the Board shall, on the requisition in writing of the shareholders holding at the date of deposit of the requisition not less than one-tenth of the paid up capital of the Company carrying the right of voting at general meetings of the Company (on a one vote per share basis in the share capital of the Company), proceed to call a special general meeting for the transaction of any business specified in such requisition ("Requisition"). The Requisition must state the purposes of the general meeting, be signed by the shareholder(s) concerned and may consist of several documents in like form, each signed by one or more of those shareholders. A special general meeting must be held within two months after deposit of the Requisition.

If within twenty-one days of such deposit the Board fails to proceed to convene such special general meeting, the requisitionists, or any of them representing more than one half of the total voting rights of all of them, may themselves do so in accordance with the provisions of Section 74(3) of the Companies Act 1981 of Bermuda ("Act").

2. *Procedures by which enquiries may be put to the Board*

Shareholders may, at any time, direct enquiries to the Board. Such enquiries can be addressed to the company secretary in writing by mail to the Company's principal place of business in Hong Kong at 8th Floor, Cyberport 2, 100 Cyberport Road, Hong Kong ("Hong Kong Principal Office").

3. *Procedures for putting forward proposals at general meetings*

To put forward a proposal at a shareholders' meeting, shareholders are requested to follow the requirements and procedures as set out in the Bye-laws of the Company and the Act.

Pursuant to the Act, (i) shareholder(s) of the Company holding not less than one-twentieth of the total voting rights of all the shareholders having at the date of the requisition a right to vote at the general meeting to which the requisition relates; or (ii) not less than 100 shareholders, can submit a written request stating the resolution intended to be moved at the annual general meeting; or a statement of not more than 1,000 words with respect to the matter referred to in any proposed resolution or the business to be dealt with at a particular general meeting.

The written request/statements must be signed by the shareholder(s) concerned and deposited at the Company's registered office in Bermuda at Clarendon House, 2 Church Street, Hamilton HM 11, Bermuda ("Registered Office") and its Hong Kong Principal Office, for the attention of the company secretary, not less than six weeks before the annual general meeting in the case of a requisition requiring notice of a resolution and not less than one week before the general meeting in the case of any other requisition.

If the written request is in order, the company secretary will take necessary actions pursuant to the Act.

CORPORATE GOVERNANCE REPORT

SHAREHOLDERS' RIGHTS — CONTINUED

4. Procedures for shareholders to propose a person for election as a director

Pursuant to the Bye-laws of the Company, if a shareholder, who is duly qualified to attend and vote at the general meeting convened to deal with appointment or election of director(s), wishes to propose a person (other than a retiring director and the shareholder himself/herself) for election as a director at that general meeting, such shareholder can deposit a notice in writing of the intention to propose that person for election as a director and a notice in writing by that person of his/her willingness to be elected at the Company's Registered Office or the Hong Kong Principal Office at least seven days before the date of the general meeting. The period for lodging such notice will commence no earlier than the day after the despatch of the notice of the meeting appointed for such election and no later than seven days prior to the date of such meeting.

If a shareholder wishes to nominate a person to stand for election as a director, the following documents must be validly served on the company secretary, namely (i) notice of intention to propose a resolution to elect a person as a director ("Nominated Candidate") at the general meeting; (ii) notice in writing executed by the Nominated Candidate of his/her willingness to be elected; and (iii) the information as required to be disclosed under Rule 13.51(2) of the Listing Rules and such other information as required by the Listing Rules and the Bye-laws of the Company from time to time.

REPORT OF THE DIRECTORS

The board of directors of Pacific Century Premium Developments Limited (the “Company”) (the “Board”) presented its annual report together with the audited consolidated financial statements of the Company and its subsidiaries (the “Group”) for the year ended December 31, 2022.

PRINCIPAL ACTIVITIES

The Group is principally engaged in the development and management of premium-grade property and infrastructure projects as well as premium-grade property investments.

Details of segment information are set out in note 5 to the consolidated financial statements.

BUSINESS REVIEW

A fair review of the businesses of the Group during the year, particulars of important events affecting the Group that have occurred since the end of financial year 2022, a discussion on the Group’s future business development and an analysis of the Group’s performance during the year using financial key performance indicators are provided in the Statement from the Non-Executive Chairman on page 6, the Statement from the Deputy Chairman and Group Managing Director on pages 7 to 8 and the Management’s Discussion and Analysis on pages 12 to 19 of this annual report and notes 35 and 36 to the consolidated financial statements.

Description of the principal risks and uncertainties that the Group faces and the Group’s environmental policies and performance, relationships with its key stakeholders and compliance with laws and regulations which have a significant impact on the Group are set out below.

Principal Risks and Uncertainties

The Board has overall accountability for ensuring that risks are effectively managed across the Group and, on behalf of the Board, the Audit Committee coordinates and reviews the effectiveness of the Group’s adopted risk management framework and processes. Group Risk Management and Compliance is responsible for managing the Group business risk portfolio while working with the Audit Committee to ensure the business risk registers are kept current, factual and consistent across all Group operating units. Both the Board and the Audit Committee remain satisfied that the internal risk control framework implemented by the Group continues to provide the necessary elements of enabling business flexibility without compromising the integrity of risk management and internal control systems. The ability of the Group to manage risks, including the emerging aspect of Environmental, Social and Governance (“ESG”) related risks as per the latest listing rules requirements, has been continuously evolving through focusing on risk management capabilities and ensuring they remain robust where risks are timely identified, assessed and mitigated effectively.

The key risks and uncertainties the Group encounters are set out below. They may adversely and/or materially affect the overall business performance, financial conditions, operations and growth prospects of the Group if they are not managed properly. These key risks are by no means exhaustive or comprehensive, and there may be other risks, in addition to those shown below, which are not known to the Group or may not be material at this juncture but could turn out to become material in the future. Due to the pace and nature at which risks are evolving, the Group remains vigilant in addressing areas of concern while developing appropriate control measures.

Principal Risks and Uncertainties — Continued

Project Risk

Through the activities of undertaking property development interests, the Group may be exposed to the effects of adverse changes in foreign government policies and regulations pertaining to land use, ownership and zoning. The time and costs involved in completing construction can be adversely affected by many factors, including shortages of materials, equipment and labor, adverse weather conditions, natural disasters, labor disputes with contractors and subcontractors, accidents, changes in government priorities and unforeseen problems or circumstances. The occurrence of any of these factors could give rise to delays in the completion of a project and result in cost overruns. This may also result in the profit on development for a particular property not being recognized in the year in which it was originally anticipated to be recognized. As a result, the Group carries out extensive research and market analysis before the development phase is initiated, and implements effective project management measures to ensure project related risks are maintained at acceptable levels. The Group also employs external party to conduct review on the perspective of environmental sustainability of our business annually.

For details of the Group's financial management policies and strategies in managing its exposure to adverse fluctuations in foreign currency exchange rates and interest rates, please refer to note 35 to the consolidated financial statements.

Construction Risk

The time and costs involved in completing construction can be adversely affected by many factors, including shortage of materials, equipment and labour, ineffective process design, adverse weather conditions, natural disasters, labour disputes with contractors and subcontractors, accidents, changes in government priorities, and other unforeseen problems or circumstances. The occurrence of any of these factors could give rise to delays in the completion of a project, which may result in cost overruns and potential disputes and claims from service recipients. This may also result in the profit on development for a particular property not being recognised in the year in which it was originally anticipated to be recognised.

Market Risk

The Group's revenue is derived from operations in Indonesia, Japan, Thailand and Hong Kong. As a result, the general state of the monetary policies including taxation in Indonesia, Japan, Thailand and Hong Kong, and the changes in: (1) the economy, legislative, regulatory and government policies and regional political conditions in these areas; (2) the office rental market in Jakarta, Indonesia; and (3) the tourism industry and climate change for the skiing activities in Hokkaido, Japan, could significantly impact the Group's operating results and financial conditions.

Cyber Security Threats

Cyber Security Threats including unauthorised access could be resulted from attempted cyberattacks which may lead to data breaches. A major cyber security breach is likely to have significant impacts on the Company's business and infrastructure with the cost of dealing with the operational disruption, remedial steps to mitigate data leakage, brand and reputational damage and steps to meet regulatory compliance. As part of further mitigation efforts, the Company has deployed both technical and administrative measures such as implementation of advanced threat protection tools, reinforcement of cyber security governance structure and awareness, and enhancement of cyber security procedures and guidelines. Dedicated security teams, as well as Security Operations Centre, have also been assigned to monitor suspicious traffics and activities to combat cyberattacks on the Company's connection to the corporate network.

REPORT OF THE DIRECTORS

Principal Risks and Uncertainties — Continued

Business Interruption

The risk of business interruption remains highly probable due to unexpected events such as COVID-19 virus and its variants, cybersecurity threats and the climate change impact around the world. A formalised Corporate Incident Response Plan and updated Business Continuity Management Policy have also been disseminated to ensure any such incidents reported/escalated are handled promptly with care and in a cautious manner to protect the staff and business operations.

Regulatory and Operational Compliance Risk

The Group operates in markets and industries which require compliance with numerous licenses, local laws and regulations, which cover various aspects including competition, anti-trust, personal data security, property management, construction and the environment etc. In addition, the Group also operates in countries where the Group is required to adhere to various requirements according to the local authorities and central banks' regulations.

People Risk

The Group's success and ability to grow depends largely on its ability to attract, train, retain and motivate highly skilled and qualified managerial, sales, marketing, administrative, operating and technical personnel. The loss of key personnel, or the inability to find qualified personnel for replacement, could materially and adversely affect the Group's prospects and results of operations. Health and safety of our people continues to be our foremost care and concern as it will not only impact our people's own well-being but also affect our service delivery and the Group's overall performance.

Environmental Policies and Performance

The Group has established its Sustainability Committee and adopted its own Sustainability Policy which includes its environmental policy:

- Strive to achieve green building certification for all our new developments;
- Identify significant environmental impacts associated with our activities, adopt measures to manage and minimise the environmental impacts during design, construction and operation of all our properties;
- Reduce energy consumption, and enhance energy efficiency in our properties;
- Minimise waste generated by our operations, and ensure that waste is reused or recycled as much as possible, with the disposal of any remaining waste occurring in a responsible manner;
- Ensure that we operate in a way that exceeds the standard imposed by legal requirements, and integrate industry environmental best practices; and
- Monitor and measure our progress and set targets to continually improve our environmental performance.

BUSINESS REVIEW — CONTINUED

Environmental Policies and Performance — Continued

For its property development projects, the Group aims to develop green buildings by meeting internationally-recognised standards in environmental protection and sustainable development through the adoption of energy-efficient building designs, efficient use of materials in construction and environmental management plan during site operation. Further to the recognition of special contribution in sustainable development by winning the award in Indonesia Property Awards 2016, PCP Jakarta, the Group's major office building project in Jakarta has been finally certified by U.S. Green Building Council ("USGBC") with LEED Platinum rating in 2018, following by Greenship Platinum level certified by Green Building Council Indonesia in 2019 and BCA Green Mark Award (Gold, BCA Green Mark International for Non-Residential Buildings Version NRB/4.1) by Building and Construction Authority (BCA) of Singapore in 2020. It is the first ever office building in Indonesia with such highest rating certified by the USGBC.

Our Environment

The Group's property management division, Island South Property Management Limited ("ISPML"), in Hong Kong has been accredited the ISO 14001 since 2005. In line with ISO continual improvement process guided by Integrated Management System, ISPML's Energy Conservation Taskforce keeps on implementing energy-saving solutions at Bel-Air which has saved over 290,000kWh in electricity consumption in 2022. In order to heighten the precautionary measures in combating COVID-19, in addition to those being statutorily required to be installed in gym and food and beverage areas, ISPML installed air purifiers that meet the specifications of the Food and Environmental Hygiene Department in all tower lobbies so as to improve the air quality and air change for the wellness of our residents.

Following the relaxation of the anti-COVID-19 measures, PCP Jakarta, through its fitness centre, organised sport competitions to its tenants to promote healthy lifestyle. In addition, through digital display and other media, energy and water saving is encouraged. The building also provides free charging for electric vehicles and ample free bicycle parking.

ISPML — Bel-Air was newly appraised by the Green Council for engaging and delivering food waste to O · PARK1 since mid of 2021. The continuous accreditations of: Water Supplies Department's Quality Water Supply Scheme For Buildings — Fresh Water (Management System) (Gold) and Flushing Water (Gold), and Environmental Protection Department's Indoor Air Quality Certificate (Excellent Class) in addition to being a recipient of Wastewi\$e Certificate, Energywi\$e Certificate and IAQwi\$e Certificate of the Hong Kong Green Organisation Certification by Environmental Campaign Committee proved its determination to upkeep the effectiveness of the facilities.

Apart from the recognitions for its efforts in promoting sustainable community, throughout the past years it has put in place many green initiatives in areas of waste recycling, and reduction in emission and waste by signing of environmental protection charters such as Energy Saving Charter on "No ILB" by Electrical and Mechanical Services Department and Environment Bureau, Food Wise Charter by Food Wise Hong Kong, and "Food Wise Eateries" by Environmental Protection Department.

Relationships with Key Stakeholders

The Group is committed to operating in a sustainable manner while balancing the interest of various stakeholders including our employees, customers, suppliers, business partners and the community.

Relationships with Employees

The Group considers its employees the key to sustainable business growth and is committed to providing all employees with a safe and harassment-free work environment with equal opportunities in relation to employment, reward management, training and career development. Workplace safety is a priority of the Group. The Group is keen in ensuring health and safety measures are followed while in the performance of duties by our employees in order to reduce total time lost to work injuries. The Group has in place a fair and effective performance appraisal system and incentive bonus schemes designed to motivate and reward employees at all levels to deliver their best performance and achieve business performance targets. For continuous development, the Group provides sponsorship/subsidies to employees who are committed to job related personal development and learning.

Relationships with Customers

Save as disclosed in the Management's Discussion and Analysis, one of the major sources of revenue for the Group is ownership and operation of a ski and golf resort, property management and holiday letting business in Niseko, Hokkaido of Japan. The Group offers a comprehensive all-season holiday solution for discerning guests, offering a complete suite of class-leading resort services including ski-lifting, snow-sports and guiding school, specialty retail, equipment rental, restaurant operations, golf, white-water rafting, ziplining and tree-trekking activities. Renowned for its consistent deep powder snow, Niseko has become a magnet for ski tourists from across the globe. Park Hyatt Niseko, aspires to be the best luxury all-season resort in Asia and one of the world's top winter luxury resorts, maintaining key customer relationships through the World of Hyatt loyalty program, as well as direct contact and personalized services provided by the guest experience management team based on property. The hotel and Hyatt globally have dedicated resources to foster close connections with the key luxury agents and luxury consortia partners.

In common with all businesses reliant on international visitors, the Group's business activities in Japan and the Niseko area were severely curtailed during the period when COVID-19 restrictions were imposed on travel and the Japanese international border was closed. Since the reopening of the Japanese international border on October 11, 2022, rebound in international tourist numbers and the Group's business activities in Japan and the Niseko area have been stronger than expected, and in some cases running ahead of pre-pandemic levels. The positive reactions of customers towards many of the Group's recent improvements and initiatives are encouraging, and validates that the Group's target positioning is accurate.

Embracing the mix of different cultures and languages, the business division works closely and collaboratively with government agencies at all levels and continues to maintain important strategic working relationships with all local companies. The Group aims to offer a safe, diverse, interesting and culturally sensitive experience for all levels of customers, whether families, children, elders or sports enthusiasts. The Group is committed to providing Niseko's finest holiday experience, delivering quality services that set a raft of new benchmarks in Japan.

The market trend is for companies to look for sustainably designed buildings and high-quality amenities with more options for office premises. To show great resilience with high-quality space, apart from the existing fitness centre and food pavilion in PCP Jakarta in Indonesia, the Group partnered with a prestige flexible space operator so as to provide a high-quality tailor-made premise to meet the demand for new set-up to established multi-national companies in this largest economy in South-East Asia.

For the property management and facilities management services in Hong Kong, ISPML, the property management division has established various communication channels to create curated experience for customers in light of practicing physical distancing such as Bel-Air hotline, mobile apps, electronic mail and website (www.bel-air-hk.com) to communicate with residents. In addition, to commit in our continual improvement of an effective and efficient complaints-handling process, Bel-Air adopted a new platform to cover all channels of residents' opinions for swift and close follow up. The overall customer satisfaction rate in 2021 on estate management is 97.01%. In Indonesia, the building management team works with the tenants on the preventive maintenance within the tenants' premise to enhance the safety standard of the building.

To pursue continuous improvement on service quality, ISPML conducts customer satisfaction survey annually so as to better understand residents' views on its services and to ensure that it could meet the residents' expectations. Regular meetings with Owners' Committee and sub-committee members are held to discuss the estate issues and the ways that the property management division can further improve its service standard. Residents' opinions and suggestions are considered as valuable assets. As such, the property management division would study the feasibility of each suggestion made by the aforesaid committees. All residents' feedbacks would be responded in a timely manner.

The Group owns and operates PCP Jakarta, a premium Grade A office building located in the heart of the financial hub of Sudirman Central Business District (SCBD) Jakarta. The building is tenanted by worldwide multinational companies. PCP Jakarta, is the first office building in Indonesia to achieve LEED Platinum Grade certification awarded by the USGBC. The building provides a comfortable, smoke free, energy efficient working environment to all tenants. The building has a clear headroom height of 3.05 meters, floor loading capacity of 5 kPa, and is built with steel and reinforced concrete to achieve seismic standard 25% over the existing government requirement. This enables PCP Jakarta to be one of the most sought after office buildings in Jakarta. PCP Jakarta is built with a vision to provide tenants with work-health balance in mind. The building is the first to have a state-of-the-art gym with an outdoor swimming pool and trainers are internationally certified. A food pavilion and fully equipped function rooms are some of the facilities for tenants to enjoy. In addition to the tracking of the feedbacks by the public from social media, PCP Jakarta also conducted survey on the overall satisfaction of the building environment in 9 different areas by the tenants.

The building's Tenant Relations Officers provide services such as greeting of tenants and making courtesy calls to tenants on regular basis to review service standards. Feedback forms are placed at the concierge desk in the main lobby to encourage tenants to provide feedback for improvement on services. All feedbacks are addressed promptly and attended to within the day. The Tenant Relations Officers also regularly conduct checks of public forum on reviews of PCP Jakarta and to thank the contributors for their feedback, comments and suggestions. The Tenant Relations Officers aim to provide excellent service by anticipating tenants' needs and enquiries.

Relationships with Key Stakeholders — Continued

Relationships with Suppliers and Contractors

The Group is committed to delivering prestigious high quality sustainable development projects. It is imperative that suppliers and contractors share the same vision and mission. The Group adopts a partnership approach to solicit the commitments of the stakeholders to create the all-win situation. A procedure has also been established to ensure that procurement process is fair and transparent. Procedures are also put in place to monitor and review the deliverables from suppliers and contractors and there are adequate channels to provide feedback to them.

In day-to-day routine procurement and property maintenance processes, PCP Jakarta places environmental sustainability and the provision of “green” standard materials as key considerations during its selection process.

Relationships with Community

Amid the COVID-19 pandemic in 2022, we allocated resources in contributing to elderly and environmental organisations, while continue to focus on supporting to those in need under the pandemic. This year, we took part in the Dragon Boat Festival elderly visit organized by Hong Kong Sheng Kung Hui Wong Tai Sin Elderly Community Centre to show love and care to the elderly living alone in Wong Tai Sin, shouldering corporate social responsibility.

In the same month, we collaborated with the Hong Kong Federation of Youth Groups and organized a virtual sharing session to encourage youngsters in pursuit of their dreams in May 2022. With this sharing session, the youngsters were better equipped for future challenges, enabling their dreams come true. Four representatives from the fields of architecture, translation, marketing and information technology shared their insights and life experiences with the teenagers.

Apart from the aforesaid initiatives, we have also sponsored the Produce Green Foundation with their organic farming programme two years in a row. The produce from organic farming were delivered to Ho Chak Neighbourhood Centre for Senior Citizens, Sik Sik Yuen and distributed to the underprivileged and the elderly. The said programme aims to promote green living and healthy lifestyle.

The Company has received the Caring Company Logo for 4 consecutive years. The Caring Company Scheme has been launched by the Hong Kong Council of Social Service since 2002 with an aim to cultivate good corporate citizenship and promotion of partnership between the business and social welfare sectors.

For details of the above programmes, please refer to the “Community Engagement” section of the Sustainability Report 2022.

PCPD has voluntarily disclosed its carbon footprint data for inclusion into the Environment and Ecology Bureau’s Carbon Footprint Repository since 2017.

ISPML, the property management division has been awarded the Caring Company Logo for 15 consecutive years in recognition of its efforts to promote building a cohesive society through strategic partnership with non-profitable organisations and social enterprises. ISPML continued the “tough times collaboration” with our community partner, New Life Psychiatric Rehabilitation Association (“New Life”) by sponsoring and joining cooking workshop with their workers at New Life’s Shek Pai Wan Integrated Work Centre.

REPORT OF THE DIRECTORS

SHARE OPTIONS AND DIRECTORS' RIGHTS TO ACQUIRE SHARES OR DEBENTURES

The Company operates a share option scheme which was adopted by its shareholders at the Company's annual general meeting held on May 6, 2015, and became effective on May 7, 2015 following its approval by PCCW's shareholders (the "2015 Scheme"). The 2015 Scheme is valid and effective for a period of 10 years commencing on May 7, 2015. Under the 2015 Scheme, the Board shall be entitled to offer to grant a share option to any eligible participant whom the Board may select at its absolute discretion. The major terms of the 2015 Scheme are set out below:

- (1) The purpose of the 2015 Scheme is to provide eligible participants with the opportunity to acquire proprietary interests in the Company and to encourage eligible participants to work towards enhancing the value of the Company and its Shares for the benefit of the Company and its shareholders as a whole.
- (2) Eligible participants include any director, executive director, non-executive director, independent non-executive director, officer and/or employee of the Group or any member of it, whether in full time or part time employment of the Group or any member of it, and any consultant, adviser, supplier, customer, or sub-contractor of the Group or any member of it, and any other person whomsoever is determined by the Board as having contributed to the development, growth or benefit of the Group or any member of it or as having spent any material time in or about the promotion of the Group or its business; and provided always, that an eligible participant can be an individual or any other person permitted under the 2015 Scheme.
- (3) The maximum number of Shares in respect of which options may be granted under the 2015 Scheme shall not in aggregate exceed 10% of the Shares in issue as at the date of adoption of the 2015 Scheme. Subject to the Listing Rules requirements, the 10% limit may be renewed with prior shareholders' approval. The overall limit on the number of Shares which may be issued upon exercise of all outstanding options granted and yet to be exercised under the 2015 Scheme and other share option schemes of the Company must not exceed 30% of the Shares in issue from time to time. As at the date of this annual report, the total number of Shares available for issue in respect of which options may be granted under the 2015 Scheme is 40,266,831, representing approximately 1.98% of the Shares in issue as at that date.
- (4) The total number of Shares issued and to be issued upon exercise of options granted and to be granted to any single eligible participant (other than a substantial shareholder or an independent non-executive director of the Company, or any of their respective associates) under the 2015 Scheme in any 12-month period shall not exceed 1% of the Shares in issue at the relevant time. For options granted or to be granted to a substantial shareholder or an independent non-executive director of the Company, or any of their respective associates, the said limit is reduced to 0.1% of the Shares in issue and HK\$5 million in aggregate value based on the closing price of the Shares on the date of each grant. Any further grant of share options in excess of such limits is subject to shareholders' approval at general meeting.
- (5) The options granted under the 2015 Scheme will be vested according to the terms and conditions determined by the Board, provided that such terms and conditions shall not be inconsistent with the 2015 Scheme and no option may be exercised 10 years after the date of grant.

SHARE OPTIONS AND DIRECTORS' RIGHTS TO ACQUIRE SHARES OR DEBENTURES — CONTINUED

- (6) The 2015 Scheme does not specify any consideration which is payable on the acceptance of an option. An option shall be deemed to have been granted and accepted by the grantee and to have taken effect upon the date of grant of such option unless the grantee rejects the grant in writing within 14 days after the date of grant.
- (7) The exercise price in relation to each option shall not be less than the higher of (i) the closing price of the Shares as stated in the daily quotation sheet of the Stock Exchange on the date of grant; and (ii) the average closing price of the Shares as stated in the daily quotation sheet of the Stock Exchange for the 5 days last preceding the date of grant on which days it has been possible to trade the Shares on the Stock Exchange.
- (8) Subject to the early termination by an ordinary resolution in general meeting of shareholders or resolutions of the Board, the 2015 Scheme shall be valid and effective for a period of 10 years commencing on the date of adoption on May 7, 2015 and expiring on the tenth anniversary thereof, after which period no further options shall be granted but the provisions of the 2015 Scheme shall remain in full force and effect in all other respects.

No share options have been granted under the 2015 Scheme since its adoption and up to and including December 31, 2022.

As at each of January 1, 2022 and December 31, 2022, the number of Share options available for grant under the 2015 Scheme mandate was 40,266,831.

Save as disclosed above, at no time during the year under review was the Company or any of its subsidiaries, holding companies or fellow subsidiaries a party to any arrangement that may enable the directors of the Company to acquire benefits by means of the acquisition of shares in, or debentures of, the Company or any other body corporate and none of the directors or chief executives of the Company or their spouses or children under 18 years of age had any right to subscribe for equity or debt securities of the Company or any of its associated corporations or had exercised any such right during the year under review.

REPORT OF THE DIRECTORS

EQUITY-LINKED AGREEMENTS — CONTINUED

Supporting Agreement and Investor Agreements

On May 23, 2013, the Group entered into a supporting agreement (the “Supporting Agreement”) with ACE Equity Holdings Limited (the “Supporter”), whereby the Group will settle part of the services received in the value of US\$23 million by means of, among other things, issuing non-voting, non-contributory but dividend participating class B shares (the “Melati Class B Shares”) representing not more than 6.388% of the share capital of the Company’s indirect wholly-owned subsidiary, Melati Holding Limited (“Melati”), to the Supporter. The Group also granted a put option to the Supporter to require the Group to purchase all the Melati Class B Shares after the expiry of 5 years from the date of issue of the shares based on then consolidated net asset value of Melati and its subsidiaries.

On May 23, 2013, the Group also entered into a subscription agreement and a loan purchase agreement (the “Investor Agreements”) with an independent third party (the “Investor”) pursuant to which the Group will allot to the Investor 9.99% shares (the “Rafflesia Shares”) of Rafflesia Investment Limited (“Rafflesia”) which is an indirect wholly-owned subsidiary of the Company held by Melati and assign 9.99% of the shareholder’s loan to Rafflesia (the “Rafflesia Loan”) at a consideration to be determined at the time of the allotment based on the total investment costs incurred by the Group on the Indonesian development project plus finance charge. The Group also granted a put option to the Investor to require the Group, at any time on or after May 23, 2023, to purchase all the Rafflesia Shares and the Rafflesia Loan based on then consolidated net asset value of Rafflesia and its subsidiaries.

Details of the Supporting Agreement and the Investor Agreements are set out in the joint announcement issued by the Company and PCCW dated May 23, 2013, the circular issued by the Company dated June 25, 2013 and notes 27(c)(i) and 27(c)(ii) to the consolidated financial statements.

Sale and Purchase Agreement

As disclosed in the joint announcement of the Company and PCCW dated January 15, 2018 (the “Joint Announcement”), Silvery Sky Holdings Limited (“Silvery Sky”, a wholly-owned subsidiary of the Company), as purchaser entered into a sale and purchase agreement (the “SPA”) with CSI Properties Limited (“CSI”) as vendor’s guarantor and Radiant Talent Holdings Limited (“Radiant Talent”, a wholly-owned subsidiary of CSI), as vendor whereby Silvery Sky would acquire from Radiant Talent the entire issued share capital of Fast Million Limited (“Fast Million”) and the entire shareholder’s loan owing to Radiant Talent by Fast Million, for the purpose of joint redevelopment of certain properties owned by Fast Million (through its wholly-owned subsidiaries) for a consideration comprising an initial cash payment of HK\$2,018 million (subject to adjustments) and the allotment and issue of one non-voting participating share of Silvery Sky credited as fully paid up at an issue price of US\$1.00 (the “NPS”) to Radiant Talent upon completion of the SPA. Upon completion on March 23, 2018, Fast Million became a wholly-owned subsidiary of Silvery Sky which in turn through its wholly-owned subsidiaries owned entire interest of certain properties.

The NPS would, among others, entitle Radiant Talent to the right to be paid or distributed 50% of the dividends declared or distributions made by Silvery Sky. Subject to certain contingent event having occurred which would give rise to the right to Conversion (as defined below) of NPS and subject to, amongst others, payment to Concept Plus Holdings Limited, a wholly-owned subsidiary of the Company, by Radiant Talent in accordance with the shareholders’ memorandum entered into at completion of the SPA, the NPS held by Radiant Talent would be converted to one new fully paid up ordinary share of Silvery Sky (the “Conversion”), representing 50% of the entire issued share capital of Silvery Sky immediately following the Conversion. As at December 31, 2022, the Conversion has not occurred.

Details of the SPA are set out in the Joint Announcement issued by the Company and PCCW dated January 15, 2018.

- III. On April 18, 2004, Li Tzar Kai, Richard transferred the entire issued share capital of PCGH to Ocean Star Management Limited as trustee of The Ocean Unit Trust and The Starlite Unit Trust. The entire issued share capital of Ocean Star Management Limited was held by OS Holdings Limited. The Ocean Trust and The Starlite Trust held all units of The Ocean Unit Trust and The Starlite Unit Trust respectively. Star Ocean Ultimate Limited was the discretionary trustee of The Ocean Trust and The Starlite Trust.
- IV. On November 4, 2013, Star Ocean Ultimate Limited became a controlled corporation of Star Ocean Ultimate Holdings Limited.
- V. Fung Jenny Wai Ling and Huang Lester Garson were deemed to be interested in such Shares under the SFO as each of them controlled the exercise of one-third or more of the voting power at general meetings of each of Ocean Star Investment Management Limited, OS Holdings Limited and Star Ocean Ultimate Holdings Limited.

REPORT OF THE DIRECTORS

INTERESTS AND SHORT POSITIONS OF OTHER PERSONS REQUIRED TO BE DISCLOSED UNDER THE SFO

As at December 31, 2022, the following person (other than directors or chief executives or substantial shareholders (as disclosed in the previous section headed “Interests and Short Positions in Shares and Underlying Shares of Substantial Shareholders”) of the Company) had interests or short positions in the Shares and underlying Shares as recorded in the register required to be kept pursuant to Section 336 of the SFO:

Name	Number of Shares/ underlying Shares held	Approximate percentage of the total number of Shares in issue
Long Positions		
Ocean Star Investment Management Limited <i>(Note)</i>	402,164,972	19.73%

Note:

Ocean Star Investment Management Limited was deemed interested under the SFO in the Shares by virtue of it being the investment manager of The Ocean Unit Trust and The Starlite Unit Trust which together held 100% of PCGH (see the notes to the previous section headed “Interests and Short Positions in Shares and Underlying Shares of Substantial Shareholders”).

Save as disclosed above in this section and the previous section headed “Interests and Short Positions in Shares and Underlying Shares of Substantial Shareholders”, the Company has not been notified of any other persons (other than directors or chief executives of the Company) who had an interest or a short position in the Shares or underlying Shares as recorded in the register required to be kept pursuant to Section 336 of the SFO as at December 31, 2022.

DIRECTORS’ MATERIAL INTERESTS IN TRANSACTIONS, ARRANGEMENTS AND CONTRACTS OF SIGNIFICANCE

Save as disclosed in the sections headed “Continuing Connected Transactions” and “Related Party Transactions” of this report, no other transactions, arrangements or contracts of significance in relation to the Group’s business to which the Company, or any of its subsidiaries, fellow subsidiaries or parent company was a party, and in which a director of the Company or his/her connected entity had a material interest, whether directly or indirectly, subsisted at the end of the year or at any time during the year.

DIRECTORS' INTERESTS IN COMPETING BUSINESS

During the year ended December 31, 2022, the director of the Company had the following interests in businesses which competed or were likely to compete, either directly or indirectly, with the Group's businesses:

Name of director	Name of company	Nature of business	Nature of interests
Li Tzar Kai, Richard	CK Hutchison Holdings Limited ("CK Hutchison") and its subsidiaries	Ports and related services, retail, infrastructure and telecommunications	<i>(Note)</i>
	CK Asset Holdings Limited ("CK Asset") and its subsidiaries	Property development and investment, hotel and serviced suite operation, property and project management, aircraft leasing, pub operation and investment in infrastructure and utility asset operation	<i>(Note)</i>

Note:

Li Tzar Kai, Richard has a personal interest in 75,240 shares in each of CK Hutchison and CK Asset, and is one of the discretionary beneficiaries of certain discretionary trusts which hold units in unit trusts ("Family Trusts"). The Family Trusts are interested in certain shares of CK Hutchison and CK Asset. Certain businesses of CK Hutchison and CK Asset may compete with certain aspects of the businesses of the Group during the year.

In addition, Li Tzar Kai, Richard is a director of certain private companies (the "Private Companies"), which are engaged in property development and investment.

Further, Li Tzar Kai, Richard is a director and chairman of PCRDC. PCRDC is an investment holding company with interests in telecommunications and media (through PCCW), logistics, property and infrastructure investment and development in the Asia Pacific region.

The business interests of the Private Companies in Hong Kong are not significant when compared with the business of the Group and it is unlikely that such business interests will compete with the business of the Group. The business interests in Japan and the Asia Pacific region are also unlikely to compete with the existing business of the Group.

Li Tzar Kai, Richard has a controlling interest in some of the Private Companies. Further, he is or may be regarded as interested in PCRDC and PCGH due to the interests as disclosed under the section headed "Directors' and Chief Executives' Interests and Short Positions in Shares, Underlying Shares and Debentures of the Company and its Associated Corporation" of this report.

As PCRDC and the Private Companies are involved in the development and/or investment of properties of different types and/or in different locations, the Group has been operating independently of, and at arm's length from, the businesses of those companies.

Save as disclosed above, none of the directors of the Company is interested in any business, apart from the Group's businesses, which competes or is likely to compete, either directly or indirectly, with the Group's businesses.

REPORT OF THE DIRECTORS

PERMITTED INDEMNITY

Pursuant to bye-law 166(1) of the Bye-laws of the Company, every director and other officers of the Company shall be indemnified and secured harmless out of the assets and profits of the Company from and against all actions, costs, charges, losses, damages and expenses which he/she may sustain or incur in or about the execution of the duties of his/her office or otherwise in relation thereto, provided that the indemnity shall not extend to any matter in respect of any fraud or dishonesty which may attach to any of said persons. The Company has arranged directors' and officers' liability insurance coverage for the directors and officers of the Company during the year.

DONATIONS

During the year, the Group made charitable and other donations in the aggregate amount of approximately HK\$65,000 (2021: HK\$30,000).

PURCHASE, SALE OR REDEMPTION OF LISTED SECURITIES

During the year ended December 31, 2022, there was no purchase, sale or redemption by the Company or any of its subsidiaries of the listed securities of the Company.

MANAGEMENT CONTRACTS

Save for the directors' service contracts or employment contracts, no other contracts concerning the management and administration of the whole or any substantial part of any business of the Company were entered into or subsisted during the year.

PRE-EMPTIVE RIGHTS

There are no provisions for pre-emptive rights under the Company's Bye-laws, or the laws of Bermuda, which would oblige the Company to offer new shares on a pro-rata basis to existing shareholders.

INDEPENDENT AUDITOR'S REPORT

羅兵咸永道

To the Shareholders of Pacific Century Premium Developments Limited
(incorporated in Bermuda with limited liability)

Opinion

What we have audited

The consolidated financial statements of Pacific Century Premium Developments Limited (the “Company”) and its subsidiaries (the “Group”), which are set out on pages 77 to 156, comprise:

- the consolidated statement of financial position as at December 31, 2022;
- the consolidated statement of comprehensive income for the year then ended;
- the consolidated statement of changes in equity for the year then ended;
- the consolidated statement of cash flows for the year then ended; and
- the notes to the consolidated financial statements, which include significant accounting policies and other explanatory information.

Our opinion

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at December 31, 2022, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards (“HKFRSs”) issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”) and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

Basis for Opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing (“HKSA”) issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

INDEPENDENT AUDITOR'S REPORT

Independence

We are independent of the Group in accordance with the HKICPA's Code of Ethics for Professional Accountants ("the Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters identified in our audit are summarised as follows:

- Impairment of hotel properties in Japan
- Valuation of investment property in Indonesia
- Carrying values of properties under development/held for sale and properties held for development

Key Audit Matter	How our audit addressed the Key Audit Matter
<p><i>Impairment of hotel properties in Japan</i></p> <p><i>Refer to note 15 to the consolidated financial statements.</i></p> <p>The Group holds 2 hotel properties in Hokkaido, Japan. The carrying values of the hotel properties included in property, plant and equipment were HK\$1,567 million as at December 31, 2022.</p> <p>In view of the economic slowdown from the COVID-19 pandemic, the Group's hotel operations incurred losses for the year ended December 31, 2022. This factor, together with the uncertainties over the pace of business recovery, are considered as indicators of impairment. Management has therefore performed impairment assessments to determine the recoverable amounts of the hotel properties of the Group, with each hotel considered as a separate cash generating unit ("CGU"). The recoverable amount is determined as the higher of the CGU's value-in-use and fair value less costs of disposal.</p>	<p>Our procedures in relation to management's assessment of the carrying values of property, plant and equipment of the hotels included:</p> <ul style="list-style-type: none"> • Understanding management's controls and processes for identifying indicators for impairment, determining the recoverable amounts of hotel properties and assessing the inherent risk of material misstatement by considering the degree of estimation uncertainty and the judgement involved in determining assumptions to be applied; • Evaluating management's future cash flow forecasts and the processes by which they were drawn up, including testing the underlying calculations and comparing them to the latest Board approved budgets and the actual results of the prior period; • Assessing the appropriateness of methodologies and key assumptions used by management in the calculations of the recoverable amounts for the hotel properties;

Key Audit Matter
How our audit addressed the Key Audit Matter

Impairment of hotel properties in Japan – Continued

Management determined the value-in-use of the hotel properties held by the Group as the recoverable amounts as at December 31, 2022, which involves estimation of future business performance and key assumptions including discount rates, occupancy rates, average daily room rates, etc..

Based on the impairment assessments carried out by management, no provision for impairment of hotel properties was considered necessary as at December 31, 2022.

- Assessing the occupancy rates and average daily room rates assumptions applied in the forecasts by comparing them to historic results and economic and industry forecasts;
- Assessing the region-specific discount rate and capitalisation rate with reference to market data or our in-house valuation experts; and
- Carrying out sensitivity test by making adjustments to the key assumptions in management's impairment assessments and considered whether any reasonably possible adjustments, in isolation or as a combination, would result in material change in recoverable amounts.

Based on our work and the evidence obtained, we found the significant judgements and estimates adopted by management in the value-in-use calculation were supportable.

INDEPENDENT AUDITOR'S REPORT

Key Audit Matter

How our audit addressed the Key Audit Matter

Valuation of investment property in Indonesia

Refer to note 14 to the consolidated financial statements.

The Group's investment properties were carried at HK\$3,374 million out of which HK\$3,318 million as at December 31, 2022 related to the completed investment property in Indonesia.

Management has engaged an independent professional valuer to determine the fair value of the investment property. The fair value was derived using the income approach.

The valuation was inherently subjective due to the significant estimates used which included the expected market rent and capitalisation rate. Significant changes in these estimates could result in material changes to the valuation of the property.

Our procedures in relation to management's valuation of the investment property included:

- Assessing the inherent risk of material misstatement by considering the degree of estimation uncertainty and the judgement involved in determining assumptions to be applied;
- Assessing the competence, capability and objectivity of the independent professional valuer;
- Discussing the valuation methodology and key assumptions with the valuer;
- Involving our internal valuation experts to compare the estimated market rent in the valuation to our independently formed market expectations, and to compare the capitalisation rate to a range of expected yields determined with reference to published market yields; and
- Checking, on a sample basis, the accuracy and reasonableness of information, such as the rental income and lease period, used by the valuer, to the underlying lease agreements.

We found the valuation of the investment property to be supported by the available evidence.

Key Audit Matter
How our audit addressed the Key Audit Matter

Carrying values of properties under development, properties held for sale and properties held for development

Refer to note 17 to the consolidated financial statements.

The carrying values of properties under development/held for sale and properties held for development were HK\$3,171 million and HK\$422 million respectively as at December 31, 2022

For the properties under development/held for sale in Japan with the carrying value of HK\$538 million and the properties under development in Hong Kong with the carrying value of HK\$2,466 million, management determined the net realisable values of the properties using the discounted cash flow forecast or residual method, wherever appropriate, which involved significant estimates and assumptions such as selling prices, construction costs and discount rate.

For the properties under development/held for sale and properties held for development in Thailand with the carrying value of HK\$167 million and HK\$422 million respectively, management determined the net realisable value of the properties by the direct comparison approach, which involved the use of estimates and assumptions including recent sales price of similar properties with adjustments for any difference in nature, locality and condition of the properties.

Based on their determination of these net realisable values, management concluded that the carrying values of the properties under development, properties held for sale and properties held for development were appropriate.

Our procedures in relation to management's assessment of the carrying value of properties under development, properties held for sale and properties held for development included:

- Understanding management's controls and processes for determining the net realisable values of the properties under development and properties held for sale and properties held for development and assessing the inherent risk of material misstatement by considering the degree of estimation uncertainty and the judgement involved in determining assumptions to be applied.
- Assessing the appropriateness of the methodologies used by management for the assessments of the net realisable value of properties under development, properties held for sale and properties held for development;
- For the properties under development/held for sale in Japan with the carrying value of HK\$538 million and the properties under development in Hong Kong with the carrying value of HK\$2,466 million, comparing the estimated selling prices, construction costs or discount rate used in the assessments to our independently formed market expectations and country-specific market and industry data. We also performed sensitivity analysis on the key assumptions used in the assessments; and
- For the properties under development/held for sale and properties held for development in Thailand with the carrying value of HK\$167 million and HK\$422 million respectively, comparing management's estimates of selling prices for similar properties to market data. We also considered whether the adjusting factors used in management's assessment fell within a reasonable range with reference to our property industry knowledge in the country which the properties are located. We also performed sensitivity analysis on the key assumptions used in the assessment.

We found the carrying values of the properties under development, properties held for sale and properties held for development to be supported by the available evidence.

INDEPENDENT AUDITOR'S REPORT

Other Information

The directors of the Company are responsible for the other information. The other information comprises all of the information included in the annual report other than the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Directors and the Audit Committee for the Consolidated Financial Statements

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The Audit Committee is responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. We report our opinion solely to you, as a body, in accordance with Section 90 of the Companies Act 1981 of Bermuda, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSA's will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSA's, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

INDEPENDENT AUDITOR'S REPORT

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the Audit Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Lo Pui Shan.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022 (Amount expressed in Hong Kong dollars unless otherwise stated)

1. GENERAL INFORMATION

Pacific Century Premium Developments Limited (the “Company”) and its subsidiaries (together the “Group”) are principally engaged in the development and management of premium-grade property and infrastructure projects as well as premium-grade property investments.

The Company is a limited liability company incorporated in Bermuda and its securities are listed on The Stock Exchange of Hong Kong Limited (the “Stock Exchange”). The address of its registered office is Clarendon House, 2 Church Street, Hamilton HM 11, Bermuda.

These consolidated financial statements set out on pages 77 to 156 were approved by the board of directors (the “Board”) on February 14, 2023.

2. BASIS OF PREPARATION AND PRINCIPAL ACCOUNTING POLICIES

a. Statement of compliance

These consolidated financial statements have been prepared in accordance with all applicable Hong Kong Financial Reporting Standards, which is a collective term for all individual Hong Kong Financial Reporting Standards (“HKFRSs”), Hong Kong Accounting Standards (“HKASs”) and Interpretations issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”), accounting principles generally accepted in Hong Kong and the requirements of the Hong Kong Companies Ordinance (Cap. 622).

The principal accounting policies applied in the preparation of these consolidated financial statements are set out below. These policies have been consistently applied to the years presented, unless otherwise stated.

b. Basis of preparation of the consolidated financial statements

The consolidated financial statements for the year ended December 31, 2022 comprise the Company and its subsidiaries.

The measurement basis used in the preparation of the consolidated financial statements is the historical cost convention, except that the following assets are stated at fair value as explained in the accounting policies set out below:

- investment properties (see note 2(g)); and
- financial assets at fair value through profit or loss (see note 2(o)).

The COVID-19 pandemic has continued to adversely impact the Group’s operations, in particular the hospitality business in Japan. During the year ended December 31, 2022, the Group incurred a loss attributable to equity holders of the Company of HK\$598 million (2021: HK\$825 million).

2. BASIS OF PREPARATION AND PRINCIPAL ACCOUNTING POLICIES — CONTINUED

b. Basis of preparation of the consolidated financial statements — Continued

The directors of the Company have considered the above circumstances and the Group's cash flow projections prepared by management, and have given due and careful consideration to the future liquidity and performance of the Group. As at December 31, 2022, the Group had a JPY10,000 million facility with maturity date of March 31, 2023 and carried out negotiation for extension of the maturity date of the facility. Subsequent to the balance sheet date, on February 1, 2023, the JPY10,000 million facility was extended with maturity date in February 2025 (see note 22(e)).

Having taken into account the Group's history in obtaining external financing and successful extension of maturity date of loan facility as mentioned above, as well as future working capital requirements and cash resources, the directors consider the Group has sufficient financial resources to meet its financial obligations as and when they fall due in the next twelve months period ending December 31, 2023. Accordingly, these consolidated financial statements have been prepared on a going concern basis.

The preparation of consolidated financial statements in conformity with HKFRSs requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements, are disclosed in note 3.

The HKICPA has issued certain new and revised HKFRSs that are adopted for the current accounting period of the Group. The following sets out the changes in accounting policies for the current accounting period reflected in these consolidated financial statements.

i. Adoption of new/revised accounting standards

Amendments effective for the annual period beginning on January 1, 2022 adopted by the Group but have no significant impact on the Group's consolidated financial statement:

HKAS 16 (Amendments)	Property, Plant and Equipment
HKAS 37 (Amendments)	Provisions, Contingent Liabilities and Contingent Assets
HKFRS 3 (Revised) (Amendments)	Business Combinations
Annual Improvements to HKFRS (Amendments)	Annual Improvements 2018–2020 Cycle

The Group has not early adopted any new or amended HKFRSs and HKASs that not yet effective for the current accounting period.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022 (Amount expressed in Hong Kong dollars unless otherwise stated)

2. BASIS OF PREPARATION AND PRINCIPAL ACCOUNTING POLICIES — CONTINUED

b. Basis of preparation of the consolidated financial statements — Continued

ii. Standards, amendments to standards and interpretations which are not yet effective

The following new standard, amendments and interpretation have been issued but are not yet effective for the year ended December 31, 2022 and which the Group has not early adopted:

HKAS 1 (Revised) (Amendments)	Presentation of Financial Statements ¹
HKAS 8 (Amendments)	Accounting Policies, Changes in Accounting Estimates and Errors ¹
HKAS 12 (Amendments)	Income Taxes ¹
HKAS 28 (2011) (Amendments)	Investments in Associates and Joint Ventures ³
HKFRS 10 (Amendments)	Consolidated Financial Statements ³
HKFRS 16 (Amendments)	Leases ²
HKFRS 17	Insurance Contracts ¹
HK Interpretation 5 (2020)	Presentation of Financial Statements — Classification by the Borrower of a Term Loan that Contains a Repayment on Demand Clauses ²

Notes:

¹ Effective for annual period beginning on or after January 1, 2023

² Effective for annual period beginning on or after January 1, 2024

³ Effective date to be determined

The Group does not expect the adoption of the above standard, amendments and interpretation that are not yet effective will have a material impact on the Group's future reporting periods and foreseeable future transactions.

c. Subsidiaries and non-controlling interests

Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when it is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. An investment in a subsidiary is consolidated into the consolidated financial statements from the date that control commences until the date that control ceases.

2. BASIS OF PREPARATION AND PRINCIPAL ACCOUNTING POLICIES — CONTINUED

c. Subsidiaries and non-controlling interests — Continued

The Group uses the acquisition method to account for business combinations. The consideration transferred for the acquisition of a subsidiary is the fair values of the assets transferred, the liabilities incurred and the equity interests issued by the Group. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement. Acquisition-related costs are expensed as incurred. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. On an acquisition-by-acquisition basis, the Group recognises any non-controlling interest in the acquiree either at fair value or at the non-controlling interest's proportionate share of the acquiree's net assets. All other components of non-controlling interests are measured at their acquisition date fair value, unless another measurement basis is required by Hong Kong Financial Reporting Standards.

The excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the fair value of the identifiable net assets acquired is recorded as goodwill (see note 2(j)). If this is less than the fair value of the net assets of the subsidiary acquired in the case of a bargain purchase, the difference is recognised directly in the consolidated income statement. Where businesses are acquired and fair values of the net assets of the acquired business are finalised within 12 months of the acquisition date, all fair value adjustments are recorded with effect from the date of acquisition and consequently may result in the restatement of previously reported financial results.

When the Group ceases to have control, any retained interest in the entity is re-measured to its fair value with the change in carrying amount recognised in profit or loss. The fair value is the initial carrying amount for the purpose of subsequently accounting for the retained interest as an associate, joint arrangement or financial asset. In addition, any amounts previously recognised in other comprehensive income in respect of that entity are accounted for as if the Group had disposed of the related assets or liabilities. This may mean that amounts previously recognised in other comprehensive income are reclassified to profit or loss.

Intra-group balances and transactions, and any unrealised profits arising from intra-group transactions, are eliminated in full in preparing the consolidated financial statements. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

In the Company's statement of financial position, investment in a subsidiary is stated at cost less any impairment losses (note 2(h)). The results of subsidiaries are recognised by the Company to the extent of dividends received and receivable at the end of the reporting period.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022 (Amount expressed in Hong Kong dollars unless otherwise stated)

2. BASIS OF PREPARATION AND PRINCIPAL ACCOUNTING POLICIES — CONTINUED

d. Revenue recognition

Provided it is probable that the economic benefits will flow to the Group and that the revenue and costs, if applicable, can be measured reliably, revenue is recognised in the consolidated statement of comprehensive income as follows:

(i) Sales of properties

Revenue is recognised at a point in time when the customer obtains control of the completed property, which is typically when the property is legally or physically transferred to the customer. The revenue is measured at the transaction price agreed under the contract. In most cases, the consideration is due when legal title has been transferred.

(ii) Rental income from operating leases

Rental income receivable under operating leases is recognised in the consolidated statement of comprehensive income in equal instalments over the accounting periods covered by the lease term, except where an alternative basis is more representative of the pattern of benefits to be derived from the leased asset. Lease incentives granted are recognised in the consolidated statement of comprehensive income as an integral part of the aggregate net lease payments receivable. Contingent rentals are recognised as income in the accounting period in which they are earned.

Receipts of rental income in advance are deferred and recorded as “Deferred income and contract liabilities” in the consolidated statement of financial position. The amounts are then recognised as revenue based on the actual utilisation of the rental usage of the investment properties.

(iii) Service income

Service income is recognised when the related services are rendered to customers.

For the property and facilities management services provided for fixed period, service income is recognised on a straight-line basis over the respective period.

(iv) Interest income

Interest income from bank deposits is accrued on a time-apportioned basis using the effective interest method by reference to the principal outstanding and the rates applicable.

2. BASIS OF PREPARATION AND PRINCIPAL ACCOUNTING POLICIES — CONTINUED

d. Revenue recognition — Continued

(v) Hotel revenue

Hotel revenue from room rental is recognised over time during the period of stay for the hotel guests. Revenue from food and beverage sales and other ancillary services is generally recognised at the point in time when the services are rendered.

e. Property, plant and equipment and depreciation

Land and buildings are stated at cost less impairment losses (note 2(h)) less subsequent depreciation for buildings. Land has an indefinite useful life and is not subject to depreciation.

Property, plant and equipment held for own use are stated at cost less accumulated depreciation and impairment losses (note 2(h)). The cost of an asset comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use, including qualifying borrowing costs (note 2(t)). Subsequent expenditure relating to property, plant and equipment that has already been recognised is added to the carrying amount of the asset and is depreciated over the original remaining useful life of the asset when it is probable that future economic benefits will flow to the Group and the costs can be measured reliably. All other subsequent expenditure, such as repairs and maintenance and overhaul costs, is recognised as an expense in the period in which it is incurred.

Gains or losses arising from the retirement or disposal of property, plant and equipment are determined as the difference between the estimated net disposal proceeds and the carrying amount of the asset and are recognised in the consolidated statement of comprehensive income on the date of retirement or disposal.

Land and construction in progress are not depreciated. Depreciation on other property, plant and equipment is calculated to write off the cost on a straight-line basis over the estimated useful lives as follows:

Buildings and structures	5 to 51 years
Other plant and equipment	2 to 20 years

The useful lives of property, plant and equipment are reviewed, and adjusted if appropriate, at the end of each reporting period.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022 (Amount expressed in Hong Kong dollars unless otherwise stated)

2. BASIS OF PREPARATION AND PRINCIPAL ACCOUNTING POLICIES — CONTINUED

f. Leased assets

An arrangement, comprising a transaction or a series of transactions, is or contains a lease if the Group determines that the arrangement conveys a right to control the use of an identified asset for a period of time in exchange for consideration. Such determination is made on an evaluation of the substance of the arrangement, regardless of whether the arrangements take the legal form of a lease.

(i) Assets leased to the Group

Leases are initially recognised as a right-of-use asset/interest in leasehold land and corresponding liability, where applicable, at the date of which the leased asset is available for use by the Group. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the consolidated statement of comprehensive income over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

The right-of-use asset is depreciated on a straight-line basis over the shorter of the asset's useful life and the lease term. Interest in leasehold land is amortised on a straight-line basis over the lease term, except where the property is classified as an investment property (see note 2(g)) or property under development/held for sale/held for development (see note 2(i)).

The Group has elected the practical expedient not to separate lease and non-lease components of certain class of underlying assets and account for whole as a single lease component in the measurement of lease liabilities and right-of-use assets.

Assets leased by the Group and the corresponding liabilities are initially measured on a present value basis. Lease liabilities include the net present value of the following lease payments:

- fixed payments (including in-substance fixed payments), less any lease incentives receivable;
- variable lease payments that are based on an index or a rate; and
- payments of penalties for terminating the lease, if the lease term reflects the Group, as a lessee, exercising an option to terminate the lease.

Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability.

2. BASIS OF PREPARATION AND PRINCIPAL ACCOUNTING POLICIES — CONTINUED

f. Leased assets — Continued

(i) Assets leased to the Group — Continued

The lease payments are discounted using the interest rate implicit in the lease, if that rate can be determined, or the incremental borrowing rate of the respective entities. Right-of-use assets are measured at cost comprising the following:

- the amount of the initial measurement of lease liabilities;
- any lease payments made at or before the commencement date, less any lease incentive received;
- any initial direct costs; and
- restoration costs.

Payments associated with short-term leases and leases of low-value assets are recognised on a straight-line basis as an expense in the consolidated statement of comprehensive income. Short-term leases are leases with a lease term of 12 months or less. Low-value assets comprise equipment and small items of office furniture.

(ii) Assets leased out by the Group

A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership of an underlying asset. A lease is classified as an operating lease if it does not transfer substantially all the risks and rewards incidental to ownership of an underlying asset.

Where the Group leases out assets under operating leases, the assets are included in the consolidated statement of financial position according to their nature and, where applicable, are depreciated in accordance with the Group's depreciation policies. Impairment losses are accounted for in accordance with the accounting policy as set out in the note 2(h). Revenue arising from operating leases is recognised in accordance with the Group's revenue recognition policies as set out in the note 2(d)(ii).

g. Investment properties

Investment properties are land and/or buildings which are owned or held under a leasehold interest (see note 2(f)) to earn rental income and/or for capital appreciation, and which are not occupied by the Group. It also includes properties that are being constructed or developed for future use as investment properties.

Land held under operating leases are classified and accounted for as an investment property when the rest of the definition of investment property is met.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022 (Amount expressed in Hong Kong dollars unless otherwise stated)

2. BASIS OF PREPARATION AND PRINCIPAL ACCOUNTING POLICIES — CONTINUED

g. Investment properties — Continued

Investment properties are initially measured at their cost, including directly attributable construction costs, borrowing costs and other related transaction costs. After initial recognition, investment properties are stated in the consolidated statement of financial position at fair value. Fair value is based on active market prices, adjusted, if necessary, for any difference in the nature, location or condition of the specific asset. If this information is not available, the Group uses alternative valuation methods such as recent prices on less active markets or discounted cash flow projections. These valuations are performed in accordance with the guidance issued by the International Valuation Standards Committee and are prepared or reviewed periodically by independent external valuers. The fair values of investment properties reflect, among other things, rental income from current leases and assumptions about rental income from future leases in the light of current market conditions. The fair values also reflect, on a similar basis, any cash outflows that could be expected in respect of the properties. Changes in fair value arising on the revaluation of investment properties are recognised in the consolidated statement of comprehensive income.

Subsequent costs are included in the asset's carrying amount only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repair and maintenance costs are expensed to the consolidated statement of comprehensive income in the period in which they are incurred.

h. Impairment of investment in a subsidiary and non-financial assets

Internal and external sources of information are reviewed at the end of each reporting period, or whenever events or changes in circumstances indicate that the carrying amount may not be recoverable, to identify indications that the following assets may be impaired or, except in the case of goodwill, an impairment loss previously recognised no longer exists or may have decreased:

- property, plant and equipment;
- right-of-use assets;
- goodwill; and
- properties under development/held for sale/held for development.

If any such indication exists, the asset's recoverable amount is estimated. An impairment loss is recognised in the profit or loss whenever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purpose of assessing impairment, assets are grouped at the lowest level for which there are separately identifiable cash inflows (a cash-generating unit).

2. BASIS OF PREPARATION AND PRINCIPAL ACCOUNTING POLICIES — CONTINUED

h. Impairment of investment in a subsidiary and non-financial assets — Continued

(i) Calculation of recoverable amount

The recoverable amount of an asset is the greater of its fair value less costs to sell and its value in use. Fair value less costs to sell is the amount obtainable from the sale of an asset in an arm's length transaction between knowledgeable, willing parties, less the costs of disposal. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

(ii) Recognition of impairment losses

An impairment loss is recognised in the consolidated statement of comprehensive income whenever the carrying amount of an asset, or the cash-generating unit to which it belongs, exceeds its recoverable amount. Impairment losses recognised in respect of cash-generating units are allocated first to reduce the carrying amount of any goodwill allocated to the cash-generating unit and then, to reduce the carrying amount of the other assets in the cash-generating unit on a pro rata basis, except that the carrying amount of an asset will not be reduced below its individual fair value less costs of disposal, or value in use, if determinable.

(iii) Reversals of impairment losses

An impairment loss of an asset other than goodwill is reversed if there has been a favourable change in the estimates used to determine the recoverable amount. An impairment loss in respect of goodwill is not allowed to be reversed.

A reversal of an impairment loss is limited to the asset's carrying amount that would have been determined had no impairment loss been recognised in prior years. Reversals of impairment losses are credited to the consolidated statement of comprehensive income in the year in which the reversals are recognised.

i. Properties under development/held for sale/held for development

Properties held for development represent interests in land held for future development which are stated at cost less accumulated impairment losses (note 2(h)).

Properties under development or held for sale are carried at the lower of cost and the estimated net realisable value. Cost includes original land acquisition costs, costs of land use rights, construction expenditures incurred and other direct development costs attributable to such properties, including interest incurred on loans directly attributable to the development prior to the completion of construction. The net realisable value is determined by reference to estimated sale proceeds of properties sold in the ordinary course of business less all estimated selling expenses.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022 (Amount expressed in Hong Kong dollars unless otherwise stated)

2. BASIS OF PREPARATION AND PRINCIPAL ACCOUNTING POLICIES — CONTINUED

i. Properties under development/held for sale/held for development — Continued

Properties under development with the development expected to be completed within one year from the end of the reporting period, which have either been pre-sold or are intended for sale, are classified under current assets.

Properties held for sale represent completed properties available for sale which are classified under current assets.

j. Goodwill

Goodwill represents the excess of the aggregate of the fair value of the consideration transferred and the fair value of non-controlling interest over the Group's interest in the net fair value of the acquiree's net identifiable assets, liabilities and contingent liabilities at the date of acquisition.

Goodwill is stated in the consolidated statement of financial position at cost less accumulated impairment losses (note 2(h)). Goodwill is allocated to cash-generating units and is tested at least annually for impairment or whenever there is impairment indicator. Impairment losses on goodwill are not reversed. On disposal of an entity or business unit, any attributable amount of purchased goodwill is included in the calculation of the profit or loss on disposal.

k. Contract assets and liabilities

Customers pay according to a pre-agreed payment schedule. If the performance obligations fulfilled by the Group exceed the total non-refundable payments received and unconditional rights to contract consideration to date, a contract asset is recognised. If the total non-refundable payments received and unconditional rights to contract consideration to date exceed the performance obligation fulfilled, a contract liability is recognised. The contract assets are transferred to receivables when the Group's rights to the contract consideration become unconditional.

l. Trade and other receivables

Trade and other receivables are recognised initially at the amount of consideration that is unconditional unless they contain significant financing component, when they are recognised at fair value. The Group holds trade and other receivables with the objective to collect the contractual cash flows and therefore measures them subsequently at amortised cost using the effective interest method, less loss allowance for expected credit losses.

For trade receivables, the Group applies the simplified approach to providing for expected credit losses, which permits the use of the lifetime expected loss provision for all trade receivables. To measure the expected credit losses, trade receivables have been grouped based on shared credit risk characteristics and the days past due. When measuring expected credit losses, the Group considers the risk or probability that a credit loss occurs by reflecting the possibility that a credit loss occurs and possibility that no credit loss occurs.

2. BASIS OF PREPARATION AND PRINCIPAL ACCOUNTING POLICIES — CONTINUED

l. Trade and other receivables — Continued

For other receivables, the Group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk, the Group compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition by considering available reasonable and supportive forward-looking information. Considerations may include:

- actual or expected significant adverse changes in business, financial or economic conditions that are expected to cause a significant change to the borrower's ability to meet its obligations;
- actual or expected significant changes in the operating results of the borrower; and
- significant changes in the expected performance and behavior of the borrower, including changes in the payment status of borrowers in the Group and changes in the operating results of the borrower.

Trade and other receivables are included in current assets, except for maturities greater than twelve months after the end of the reporting period. These are classified as non-current assets. Trade and other receivables are included in the consolidated statement of financial position under "Trade receivables, net" and "Prepayments, deposits and other current assets" under current assets and "Prepayments and other receivables" under non-current assets.

m. Inventories

Inventories are stated at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business, less applicable variable selling expense.

n. Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand, demand deposits with banks and other financial institutions, and other short-term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value, having been within three months of maturity at acquisition, less bank overdrafts that are repayable on demand and form an integral part of the Group's cash management.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022 (Amount expressed in Hong Kong dollars unless otherwise stated)

2. BASIS OF PREPARATION AND PRINCIPAL ACCOUNTING POLICIES — CONTINUED

o. Financial assets at fair value through profit or loss

The Group classifies its investments in equity securities, other than investment in a subsidiary, as financial assets at fair value through profit or loss. This category comprises financial assets held for trading and those designated as fair value through profit or loss at inception.

Regular way purchases and sales of financial assets are recognised on trade-date, the date on which the Group commits to purchase or sell the asset. Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group has transferred substantially all the risks and rewards of ownerships.

At initial recognition, the Group measures a financial asset at its fair value plus transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the consolidated statement of comprehensive income. At the end of each reporting period, the fair value is re-measured, changes in the fair value of financial assets are recognised in "Other gain/(loss), net" in the consolidated statement of comprehensive income.

p. Financial guarantee contracts

The fair value of financial guarantees is determined as the present value of the difference in net cash flows between the contractual payments under the debt instrument and the payments that would be required without the guarantee, or the estimated amount that would be payable to a third party for assuming the obligations.

Where guarantees in relation to loans or other payables of associates are provided for no compensation, the fair values are accounted for as contributions and recognised as part of the cost of the investment.

q. Trade and other payables

Trade and other payables are recognised initially at fair value and thereafter stated at amortised cost using the effective interest method unless the effect of discounting would be immaterial, in which case they are stated at cost. They are included in current liabilities, except for maturities greater than twelve months after the end of the reporting period. These are classified as non-current liabilities.

2. BASIS OF PREPARATION AND PRINCIPAL ACCOUNTING POLICIES — CONTINUED

r. Provisions and contingent liabilities

Provisions are recognised for liabilities of uncertain timing or amount when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate can be made. Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate of the amount required to settle the obligation. Where the time value of money is material, provisions are stated at the present value of the expenditures expected to settle the obligation.

Where it is not probable that an outflow of resources will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

s. Borrowings

Borrowings are recognised initially at fair value less attributable transaction costs. Subsequent to initial recognition, borrowings are stated at amortised cost with any difference between the amount initially recognised, being the proceeds net of transaction costs, and the redemption value being recognised in the consolidated statement of comprehensive income over the period of the borrowings, using the effective interest method.

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the end of reporting period.

t. Borrowing costs

Borrowing costs are expensed in the consolidated statement of comprehensive income in the period in which they are incurred, except to the extent that they are capitalised as being directly attributable to the acquisition, construction or production of an asset which necessarily takes a substantial period of time to get ready for its intended use or sale.

The capitalisation of borrowing costs as part of the cost of a qualifying asset commences when expenditure for the asset is being incurred, borrowing costs are being incurred and activities that are necessary to prepare the asset for its intended use or sale are in progress. Capitalisation of borrowing costs is suspended or ceases when substantially all the activities necessary to prepare the qualifying asset for its intended use or sale are interrupted or completed.

Ancillary costs incurred in connection with arranging borrowings, to the extent that they are regarded as adjustments to interest costs, are recognised as expenses over the period of the borrowing using the effective interest method.

2. BASIS OF PREPARATION AND PRINCIPAL ACCOUNTING POLICIES — CONTINUED

u. Income tax

Income tax for the year comprises current income tax and movements in deferred income tax assets and liabilities. Income tax is recognised in the consolidated statement of comprehensive income.

- (i) Current income tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the end of the reporting period, and any adjustment to tax payable in respect of previous years.
- (ii) Deferred income tax assets and liabilities arise from deductible and taxable temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the tax bases respectively. Deferred income tax assets also arise from unused tax losses and unused tax credits.

All deferred income tax liabilities are recognised while deferred income tax assets are recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised.

Where investment properties are carried at their fair value in accordance with the accounting policy set out in note 2(g), the amount of deferred income tax recognised is measured using the tax rates that would be applied on sale of those assets at their carrying value in the statement of financial position unless the property is depreciable and is held within a business model whose objective is to consume substantially all of the economic benefits embodied in the property over time, rather than through sale. In all other cases, the amount of deferred income tax provided is based on the expected manner of realisation or settlement of the carrying amount of the assets and liabilities, using tax rates enacted or substantively enacted at the end of the reporting period. Deferred income tax assets and liabilities are not discounted.

Deferred income tax is provided on temporary differences arising on investments in subsidiaries, except for deferred income tax liability where the timing of the reversal of the temporary difference is controlled by the Group and it is probable that the temporary difference will not reverse in the foreseeable future.

2. BASIS OF PREPARATION AND PRINCIPAL ACCOUNTING POLICIES — CONTINUED

u. *Income tax — Continued*

- (iii) Current tax balances and deferred tax balances, and movements therein, are presented separately from each other and are not offset. Current tax assets are offset against current tax liabilities, and deferred tax assets against deferred tax liabilities, if the Group has the legally enforceable right to offset current tax assets against current tax liabilities and the following additional conditions are met:
- in the case of current tax assets and liabilities, the Group intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously; or
 - in the case of deferred tax assets and liabilities, if they relate to income taxes levied by the same taxation authority on either:
 - the same taxable entity; or
 - different taxable entities, which, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered, intend to realise the current tax assets and settle the current tax liabilities on a net basis or realise and settle simultaneously.

v. *Employee benefits*

- (i) Salaries, annual bonuses, annual leave entitlements, leave passage and the cost to the Group of non-monetary benefits are accrued in the year in which the associated services are rendered by employees of the Group. Where payment or settlement is deferred and the effect would be material, provisions are made for the estimated liability as a result of services rendered by employees up to the end of the reporting period.
- (ii) Defined contribution retirement schemes (including the Mandatory Provident Fund) are offered to employees of the Group. The schemes are operated by PCCW and the assets of such schemes are generally held in separate trustee-administered funds. The schemes are generally funded by payments from the relevant companies of the PCCW Group including the Group and, in some cases, employees themselves, taking into account of the recommendations of independent qualified actuaries.

The Group's contributions to the defined contribution retirement schemes are recognised as expenses in the consolidated statement of comprehensive income in the period to which the contributions relate. Under the defined contribution retirement schemes, the employer is required to make contributions to the scheme at rates specified under the rules of the scheme. Where employees leave the scheme prior to the full vesting of the employer's contributions, the amount of forfeited contributions is used to reduce the contributions payable by the Group.

2. BASIS OF PREPARATION AND PRINCIPAL ACCOUNTING POLICIES — CONTINUED

v. *Employee benefits — Continued*

- (iii) The Group and PCCW operate share option schemes where employees (including directors) are granted options to acquire shares of the Company or PCCW at specified exercise prices. The fair value of the employee services received in exchange for the grant of the options is recognised as staff costs in the consolidated statement of comprehensive income with a corresponding increase in an employee share-based compensation reserve under equity. The fair value of the options granted is measured at grant date using the trinomial option pricing model, taking into account the terms and conditions upon which the options were granted, and spread over the respective vesting period during which the employees become unconditionally entitled to the options. At the end of each reporting period, the Group revises its estimates of the number of share options that is expected to become vested. The impact of the revision of original estimates, if any, is recognised in the profit or loss with a corresponding adjustment to the employee share-based compensation reserve over the remaining vesting period. On vesting date, the amount recognised as staff costs is adjusted to reflect the actual number of share options that vest (with a corresponding adjustment to the employee share-based compensation reserve). The equity amount is recognised in the employee share-based compensation reserve until either the share options are exercised (when it is transferred to the share premium account) or the share options expire (when it is released directly to retained earnings). When the share options are exercised, the proceeds received, net of any directly attributable transaction cost, are credited to share capital (nominal value) and share premium.
- (iv) The Board of directors of PCCW may also grants shares of PCCW or share stapled units of HKT Limited (“HKT”), a related company of the Group, to the employees of the Group at nil consideration under its share award scheme; which the awarded shares or share stapled units are either newly issued at par value (the “Subscription Scheme”) or are purchased from the open market (the “Purchase Scheme”).

Awards under the Purchase Scheme and the Subscription Scheme, are accounted for as cash-settle share-based payments. The fair value of the awarded PCCW shares and HKT share stapled units represents the quoted market price of PCCW shares and HKT share stapled units purchased from the open market under the Purchase Scheme and the issue price of PCCW shares and HKT share stapled units under the Subscription Scheme are recognised as financial assets at fair value through profit or loss, and subsequently measured at fair value. The fair value of the employee services received in exchange for the grant of PCCW shares and HKT share stapled units are recognised as staff costs in the consolidated statement of comprehensive income over the respective vesting period with a corresponding obligation being recognised. On vesting date, the amount recognised as staff costs is adjusted to reflect the actual number of awarded PCCW shares and HKT share stapled units that vest (with a corresponding adjustment to the obligation) and the carrying amount of awarded PCCW shares and HKT share stapled units recognised in the financial assets at fair value through profit or loss is offset with the obligation.

2. BASIS OF PREPARATION AND PRINCIPAL ACCOUNTING POLICIES — CONTINUED

w. Share-based payment transactions with cash alternatives

Share-based payment transactions are those arrangements which the terms provide either the Group or the counterparty with a choice of whether the Group settles the transaction in cash (or other assets) or by issuing equity instruments. Upon the vesting conditions, if any, are met, the Group shall account for that transaction, or the components of that transaction, as a cash-settled share-based payment transaction if, and to the extent that, the Group has incurred a liability to settle in cash (or other assets). Otherwise, the share-based payment transaction is accounted for as an equity-settled share-based payment transaction if, and to the extent that, no such liability has been incurred.

x. Foreign currency translation

The Group maintains their books and records in the primary currencies of their operations (the “functional currencies”). The consolidated financial statements are presented in Hong Kong dollars, which is the Company’s functional and presentation currency.

Foreign currencies transactions during the year are translated at the foreign exchange rates ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the foreign exchange rates ruling at the end of the reporting period. Exchange gains and losses are recognised in the consolidated statement of comprehensive income.

The results of foreign operations are translated into Hong Kong dollars at the exchange rates approximating the foreign exchange rates ruling at the dates of transactions. Items included in the consolidated statement of financial position of foreign operations, including goodwill arising on consolidation of foreign operations acquired, are translated into Hong Kong dollars at the foreign exchange rates ruling at the end of the reporting period. The resulting exchange differences are recognised in other comprehensive income and accumulated separately in the currency translation reserve under equity.

On consolidation, exchange differences arising from the translation of the net investment in foreign operations are recognised in other comprehensive income and accumulated separately currency translation reserve under equity. On disposal of a foreign operation, the cumulative amount of the exchange differences recognised in the currency translation reserve under equity which relate to that foreign operation is included in the calculation of the gain or loss on disposal.

y. Segment reporting

Operating segments, and the amounts of each segment item reported in the consolidated financial statements, are identified from the financial information provided regularly to the Group’s senior executive management for the purposes of allocating resources to, and assessing the performance of, the Group’s various lines of business and geographical locations.

Individually material operating segments are not aggregated for financial reporting purposes unless the segments have similar economic characteristics and are similar in respect of the nature of products and services, the nature of production processes, the type or class of customers, the methods used to distribute the products or provide the services, and the nature of the regulatory environment. Operating segments which are not individually material may be aggregated if they share a majority of these criteria.

2. BASIS OF PREPARATION AND PRINCIPAL ACCOUNTING POLICIES — CONTINUED

z. Dividend distribution

Dividend distribution to the Company's shareholders or bonus convertible noteholders is recognised as a liability in the consolidated financial statements and the Company's financial statements in the period in which the dividends are approved by the Company's shareholders.

3. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The Group makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom be equal to the related actual results. Management has also made judgements in applying the Group's accounting policies. These judgements and the key sources of estimation uncertainty are discussed below:

(i) Estimated valuation of investment properties

The best evidence of fair value is the current prices in an active market for similar properties. In the absence of such information, the Group determines the amount within a range of reasonable fair value estimates. In making its estimates, the Group considers both (i) information from the valuations of investment properties performed by external professional valuers on a market value basis and (ii) other principal assumptions, including the current and expected capitalisation rate, market price and market rent in view of the current usage and condition of the investment properties to determine the fair value of the investment properties. Had the Group used different capitalisation rate, market prices, market rents or other assumptions, the fair value of the investment properties would be different and thus caused impact to the consolidated statement of comprehensive income. As at December 31, 2022, the fair value of the investment properties was HK\$3,374 million.

(ii) Deferred income tax

While deferred income tax liabilities are provided in full on all taxable temporary differences, deferred income tax assets are recognised only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised. In assessing the amount of deferred income tax assets that need to be recognised, the Group considers future taxable income and ongoing prudent and appropriate tax planning strategies. In the event that the Group's estimates of projected future taxable income and benefits from available tax strategies are changed, or changes in current tax regulations are enacted that would impact the timing or extent of the Group's ability to utilise the tax benefits of net operating loss carry-forwards in the future, adjustments to the recorded amount of net deferred income tax assets and income tax would be made. As at December 31, 2022, no deferred income tax assets were netted off against the deferred income tax liabilities recognised in the consolidated statement of financial position (note 29(a)).

3. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS — CONTINUED

(iii) Impairment of non-financial assets

At the end of each reporting period, the Group reviews internal and external sources of information to identify indications that the following assets may be impaired or, except in the case of goodwill, an impairment loss previously recognised no longer exists or may have decreased:

- property, plant and equipment;
- right-of-use assets;
- goodwill; and
- properties under development/held for sale/held for development.

If any such indication exists, the asset's recoverable amount is estimated. An impairment loss is recognised in the profit or loss whenever the carrying amount of an asset exceeds its recoverable amount.

The sources used to identify indications of impairment are often subjective in nature and the Group is required to use judgement in applying such information to its business. The Group's interpretation of this information has a direct impact on whether an impairment assessment is performed as at the end of any given reporting period.

If an indication of impairment is identified, such information is further subject to an exercise that requires the Group to estimate the recoverable value. The recoverable value of property, plant and equipment, right-of-use assets, goodwill and investment in a subsidiary represents the greater of the asset's fair value less cost to sell or its value in use while the recoverable values of properties under development/held for sale/held for development refers to the net realisable value. Depending on the Group's assessment of the overall materiality of the asset under review and complexity of deriving reasonable estimates of the recoverable value, the Group may perform such assessments utilising internal resources or the Group may engage external advisors to counsel the Group. Regardless of the resources utilised, the Group is required to make many assumptions to make these assessments, including the utilisation of such asset, the cash flows to be generated, appropriate market discount rates and the projected market and regulatory conditions. Changes in any of these assumptions could result in a material change to future estimates of the recoverable value of any asset.

No provision for impairment is recognised for the year ended December 31, 2022. (2021: nil)

14. INVESTMENT PROPERTIES — CONTINUED

For the years ended December 31, 2022 and December 31, 2021, the fair value of investment property in Indonesia were determined by an independent professional valuer using the income approach. These valuations took into account expected market rental and capitalisation rate. A significant change in the expected market rental or capitalisation rate would result in a significant change in the fair value of the investment property.

For the investment property in Hong Kong, the usage of this property is constrained by the Group's undertaking to the lessee. Management has performed valuation of the fair value as at December 31, 2022 and December 31, 2021 using the income approach assuming such constraint and the current tenancy agreement will continue in its existing manner in the foreseeable future. The valuation takes into account expected market rental and capitalisation rate. A significant change in the expected market rental or capitalisation rate would result in a significant change in the fair value of the investment property.

15. PROPERTY, PLANT AND EQUIPMENT — CONTINUED

During the year, the Group decided to utilize the newly constructed Special High Voltage Substation facility for supporting the future development projects in Niseko and transfer the relevant costs of HK\$103 million to properties under development.

The Group has two hotels located in Hokkaido, Japan. The carrying values of the hotel properties included in property, plant and equipment were HK\$1,567 million as at December 31, 2022 (2021: HK\$1,877 million).

In view of the global economic slowdown arising from travel restrictions due to the COVID-19 pandemic, the Group's hotel operations incurred losses for the year ended December 31, 2022 and 2021. Management considers each hotel to be separate cash generating units ("CGU") and performed impairment assessments, and where impairment indicators exists, to determine the recoverable amounts of the hotel properties. For the year ended December 2022, the Group considered that no further provision or write-back of provision of impairment loss of hotel properties was necessary.

16. RIGHT-OF-USE ASSETS

HK\$ million	2022	2021
Properties	32	54

The Group leases various properties, equipment and vehicles. Lease contracts are typically made for fixed periods of 1 to 5 years. Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions. The lease agreements do not impose any covenants, but leased assets may not be used as security for borrowing purposes.

There were HK\$2 million additions to the right-of-use assets during the year ended December 31, 2022 (2021: HK\$61 million).

During the year ended December 31, 2022, total cash outflow for leases amounted to HK\$21 million (2021: HK\$35 million).

Properties held for development as at December 31, 2022 represent freehold land in Thailand which the Group intends to hold for future development projects.

As at December 31, 2022, the carrying amount of the land in Thailand of HK\$422 million (December 31, 2021: HK\$437 million) was recorded as property held for development in the consolidated statement of financial position.

Management performed an assessment on the net realisable value of the property interest together with the costs of improvements spent on the land in Thailand included in properties held for development as at December 31, 2022. The valuation was based on the direct comparison approach which involved the use of estimates and assumptions including the recent sales prices of similar properties with adjustments for any difference in nature, locality and condition of the properties. Changes in the assumptions adopted in the valuation may result in a change in future estimates of the net realisable value of the development project.

During the year ended December 31, 2022, no property in Hong Kong has been transferred from properties held for development to properties under development.

On March 9, 2017 and October 3, 2019, PCPD Capital Limited (“PCPD Capital”), an indirect wholly-owned subsidiary of the Company, issued respective principal amounts of US\$570 million and US\$130 million 4.75% guaranteed notes due 2022 (“Notes”), which are listed on the Singapore Exchange Securities Trading Limited. The Notes are irrevocably and unconditionally guaranteed by the Company and rank pari passu with all other outstanding unsecured and unsubordinated obligations of PCPD Capital and the Company. On June 7, 2021, the Company announced to invite holders of the Notes to tender any or all Notes held by them for purchase by the Company for cash (the “Tender Offer”). On June 18, 2021, the Company completed the settlement of the Tender Offer, accepted for purchase and cancelled US\$384 million in aggregate principal amount of the Notes and resulted in a loss of redemption of HK\$60 million. In October 2021 and December 2021, the Company repurchased and cancelled US\$9 million of the Notes. On March 9, 2022, the maturity date of the Notes, PCPD Capital has fully repaid all remaining Notes.
- b. On June 18, 2021, PCPD Capital issued in aggregate principal amount of US\$800 million 5.125% new guaranteed notes due 2026 (“New Notes”), which are listed on the Singapore Exchange Securities Trading Limited. The estimated fair value of the option of the early redemption and repurchase rights are recognised as financial assets at fair value through profit or loss (note 19). The New Notes are irrevocably and unconditionally guaranteed by the Company. The New Notes rank pari passu among themselves and with all other present and future unsecured and unsubordinated obligations of PCPD Capital and the Company.
- c. On June 9, 2017, an indirect wholly-owned subsidiary of the Company entered into a term loan facility agreement which the lender had agreed to make available a term loan facility up to an aggregate amount of JPY1,500 million (“JPY Facility 2026”). The maturity date of the JPY Facility 2026 is December 2026. Such facility is secured by the land and buildings and a bank account of the indirect wholly-owned subsidiary and the indirect wholly-owned subsidiary is subject to certain financial covenants which are commonly found in lending arrangements with financial institutions. As at December 31, 2022, none of the covenants were breached. The carrying value of the borrowing as at December 31, 2022 represents the outstanding principal amount of JPY600 million (equivalent to HK\$35 million) (December 31, 2021: JPY750 million) offset by the deferred arrangement costs of JPY14 million (equivalent to HK\$1 million) (December 31, 2021: JPY22 million).
- d. In April, 2021, a project development loan facility was entered by an indirect wholly-owned subsidiary of the Company which the lenders agreed to make available a term loan facility up to an aggregate amount of HK\$1,382 million (“HK\$ Loan 2026”). The maturity date for the HK\$ Loan 2026 is the earlier of April 13, 2026 or twelve months after occupation permit of the development project in Hong Kong being issued by the building authority. The HK\$ Loan 2026 is secured by certain land and property, bank accounts, shares and other assets of the indirect non-wholly owned subsidiaries and the Company and the indirect non-wholly owned subsidiary are subject to certain financial ratios covenants which are commonly found in lending arrangements with financial institutions. As of December 31, 2022, none of the covenants were breached and the carrying value of the HK\$ Loan 2026 represents the loan drawdown of HK\$880 million (December 31, 2021: HK\$827 million) offset by the deferred loan arrangement costs of HK\$10 million (December 31, 2021: HK\$13 million).

22. BORROWINGS — CONTINUED

- e. On March 29, 2018, an indirect wholly-owned subsidiary of the Company (the “Borrower”) entered into a term loan facility agreement under which the lender agreed to make available term loan facilities up to an aggregate amount of JPY20,000 million. The facility comprises (1) a JPY10,000 million facility for the construction of a branded residence (“JPY Facility 2021”) which matures on February 14, 2020 with option to extend to March 31, 2021 and (2) a JPY10,000 million facility for the construction of a branded hotel (“JPY Facility 2023”) with maturity date of March 31, 2023. In February 2020, the Borrower has fully repaid the JPY Facility 2021. The JPY Facility 2023 is secured by certain land and property, ordinary and/or preferred shares of the Borrower and an indirect wholly-owned subsidiary of the Company (the “Hotel Operator”). The Borrower and the Hotel Operator are subject to certain financial ratios covenants which are commonly found in lending arrangements with financial institutions. As of December 31, 2022, none of the covenants were breached and the carrying value of the JPY Facility 2023 represents the outstanding principal amount of JPY10,000 million (equivalent to HK\$584 million) (December 31, 2021: JPY10,000 million) offset by the deferred loan arrangement costs of JPY14 million (equivalent to HK\$1 million) (December 31, 2021: JPY70 million). Subsequent to the balance sheet date, on February 1, 2023, the JPY Facility 2023 was extended with maturity date in February 2025.
- f. On June 11, 2019, an indirect wholly-owned subsidiary of the Company entered into a term loan facility agreement under which the lender agreed to make available a term loan facility up to an aggregate amount of HK\$1,170 million. On June 27, 2022, an amendment of the term loan facility agreement was entered, and the available term loan facility was upsized to HK\$1,340 million. The maturity date of the term loan facility is in June 2024 (“HK\$ Loan 2024”). Such facility is secured by the land and buildings, bank accounts, shares and other assets of certain indirect wholly-owned subsidiaries of the Company. The Company and the indirect wholly-owned subsidiary are subject to certain financial ratios covenants which are commonly found in lending arrangements with financial institutions. As at December 31, 2022, none of the covenants were breached and the carrying value of the borrowing represents the loan drawdown of HK\$1,258 million (December 31, 2021: HK\$1,170 million) offset by the deferred loan arrangement fees of HK\$5 million (December 31, 2021: HK\$8 million).

24. AMOUNT PAYABLE TO THE HKSAR GOVERNMENT UNDER THE CYBERPORT PROJECT AGREEMENT

Pursuant to the Cyberport Project Agreement, the Government of the Hong Kong Special Administrative Region (the "HKSAR Government") shall be entitled to receive payments of approximately 65 per cent from the surplus cashflow arising from the sales of the residential portion of the Cyberport project, net of certain allowable costs incurred on the project, as stipulated under certain terms and conditions of the Cyberport Project Agreement. The amount payable to the HKSAR Government is based on surplus from sales proceeds of the residential portion after the development costs of the Cyberport project. As at December 31, 2022, the amount attributable to the HKSAR Government share under Cyberport Project Agreement was HK\$335 million (December 31, 2021: HK\$334 million).

Ordinary shares of HK\$0.50 each at January 1, 2022 and December 31, 2022	2,038,236,743	1,019

c. Pursuant to an ordinary resolution passed at the special general meeting of the Company held on May 2, 2012 and the announcements dated May 16, 2012 and June 21, 2012 in relation to the bonus issue of shares (with a right for shareholders to elect to receive bonus convertible notes in lieu of bonus shares), 405,378,544 bonus shares of HK\$0.10 each were allotted and issued on June 22, 2012 on the basis of four (4) bonus shares for every one (1) issued share held by the qualifying shareholders of the Company whose names appeared on the register of members of the Company on May 30, 2012 (other than those qualifying shareholders who had elected to receive bonus convertible notes in lieu of all of their entitlement to the bonus shares).

Bonus convertible notes of HK\$592,572,154.40 at the conversion price of HK\$0.10 per share were issued by the Company on June 22, 2012. Immediately after the share consolidation which took effect on June 25, 2012, the conversion price of the bonus convertible notes was adjusted from HK\$0.10 per share to HK\$0.50 per share pursuant to the terms of the applicable deed poll. On September 29, 2020, bonus convertible notes in an aggregate amount of HK\$592,533,333.20 at the conversion price of HK\$0.50 per share were converted into 1,185,066,666 shares of the Company.

As at December 31, 2022, the remaining bonus convertible notes in an aggregated amount of HK\$20,021.20 are unlisted and irredeemable but have conversion rights entitling the noteholders to convert into an equivalent number of shares as the number of bonus shares which the noteholders would otherwise be entitled to receive under the bonus issue had the shareholder not elected for the bonus convertible notes. The bonus convertible notes do not carry voting rights at any general meeting of shareholders of the Company. The noteholders can exercise the conversion rights at any time after the issue of bonus convertible notes, subject to the terms and conditions of the applicable deed poll constituting the bonus convertible notes. The bonus convertible notes were recognised as equity and are presented in "Convertible notes reserve" in the consolidated statement of changes in equity. Upon conversion of the bonus convertible notes, the equivalent amount was converted into issued share capital.

25. ISSUED EQUITY — CONTINUED

- d. On March 24, 2021, the Company completed a rights issue of 450,980,764 rights shares at a subscription price of HK\$0.82 per rights share on the basis of one rights shares for every two existing ordinary shares of the Company held by qualifying shareholders on February 25, 2021. The net proceeds from the rights issue, after deducting directly attributable costs were approximately HK\$364 million. Details of the rights issue were disclosed in the Company's prospectus dated February 26, 2021 and announcements dated December 31, 2020 and March 23, 2021. All new shares issued during the year rank pari passu in all respects with the existing shares.

26. EMPLOYEE RETIREMENT BENEFITS

Defined contribution retirement schemes

Employees of the Group are entitled to join the defined contribution retirement schemes operated by PCCW, including the Mandatory Provident Fund Scheme (the "MPF scheme") under the Hong Kong Mandatory Provident Fund Schemes Ordinance, for employees employed under the jurisdiction of the Hong Kong Employment Ordinance. The schemes are administered by independent trustees.

Under the defined contribution retirement scheme, the employer is required to make contributions to the scheme at rates specified under the rules of the scheme. Where employees leave the scheme prior to the full vesting of the employer's contributions, the amount of forfeited contributions is used to reduce the contributions payable by the Group.

Under the MPF scheme, the employer and its employees are each required to make contributions to the scheme at specific rates pursuant to the rules of the MPF scheme. Contributions to the scheme vest immediately upon the completion of the service in the relevant service period.

27. SHARE-BASED PAYMENT TRANSACTIONS

a. Share option scheme

The Group operates a share option scheme which was adopted by the Company's shareholders at the annual general meeting of the Company held on May 6, 2015, and became effective on May 7, 2015, following its approval by PCCW's shareholders (the "2015 Scheme"). The 2015 Scheme is valid and effective for a period of 10 years commencing on May 7, 2015.

Under the 2015 Scheme, save as disclosed in the Report of the Directors, the board of directors of the Company may, at its discretion, grant share options to any eligible person to subscribe for shares in the Company subject to the terms and conditions stipulated therein. The exercise price of the options under the 2015 Scheme is determined by the board of directors of the Company in its absolute discretion but in any event shall not be less than the higher of (i) the closing price of the shares of the Company as stated in the daily quotation sheet of the Stock Exchange on the date of grant; and (ii) the average closing price of the shares of the Company as stated in the daily quotation sheet of the Stock Exchange for the last five days preceding the date of grant on which days it has been possible to trade shares on the Stock Exchange. The overall limit on the number of shares which may be issued upon exercise of all outstanding options granted and yet to be exercised under the 2015 Scheme and any other share option schemes of the Company must not exceed 30 per cent of the shares in issue from time to time. In addition, the maximum number of shares in respect of which options may be granted under the 2015 Scheme shall not (when aggregated with any shares subject to any grants made after May 7, 2015 pursuant to any other share option schemes of the Company) exceed the limit of 10 per cent of the issued share capital of the Company on May 7, 2015 (or some other date if renewal of this limit is approved by shareholders). The maximum entitlement of any eligible person (other than a substantial shareholder or an independent non-executive director of the Company, or any of their respective associates) under the 2015 Scheme is the total number of shares issued and to be issued upon exercise of all options granted and to be granted in any 12-month period up to and including the date of the latest grant up to a maximum of one (1) per cent of the shares of the Company in issue at the relevant time. Any further grant of share options in excess of this limit is subject to shareholders' approval at a general meeting.

No share options had been granted or exercised under the 2015 Scheme during the years ended December 31, 2022 and December 31, 2021. There were no share options outstanding as at December 31, 2022 and December 31, 2021.

b. Share award scheme

PCCW established two employee share incentive award schemes under which awards of shares may be granted to employees of participating subsidiaries. The Group is a participating member of the PCCW employee share incentive award schemes. Under both schemes, following the making of an award to an employee, the relevant shares are held on trust for the employee and then vest over a period of time provided that he/she remains employee of the Group at the relevant time and satisfies any other conditions specified at the time the award is made.

Details of the accounting policies for the shares granted to the employees of the Group are described in note 2(v)(iv). Since PCCW shares and HKT share stapled units were purchased, the Group recognised it as cash-settled share-based payment transaction.

27. SHARE-BASED PAYMENT TRANSACTIONS — CONTINUED

c. Share-based payment transactions with cash alternatives

- (i) On May 23, 2013, the Group entered into the Supporting Agreement with an affiliated company of the seller of a plot of land in Jakarta, Indonesia (the “Supporter”) under which the Group will settle part of the supporting services received for the value of US\$23 million (subject to certain downward adjustments) by means of issuing non-voting, non-contributory but dividend participating class B shares that represent not more than 6.388 per cent (subject to certain downward adjustments) of the share capital in an indirect wholly-owned subsidiary (“Melati”) (the “Supporter Shares”) and by assignment of the shareholder’s loan to Melati (the “Supporter Shareholder’s Loans”).

In addition, the Group granted to the Supporter a right (but not an obligation) to require the Group, after the expiry of 5 years from the date on which the Supporter Shares are issued and the Supporter Shareholder’s Loans are assigned, to purchase from the Supporter all (but not part) of the Supporter Shares and to take assignment of all the then outstanding Supporter Shareholder’s Loans (the “Supporter Put Option”). The Supporter Put Option was granted at no premium.

When the consolidated net asset value of Melati is positive, the Supporter Shareholder’s Loans are to be assigned at the face amount and the Supporter Shares are to be issued at its corresponding portion of the consolidated net asset value of Melati; or when the consolidated net asset value of Melati is negative, the Supporter Shareholder’s Loans are to be assigned at the face amount after deduction of the absolute value of the corresponding portion of the consolidated net asset value of Melati, and the Supporter Shares are to be issued at nominal value of US\$1.

A financial liability would be recognised in the consolidated statement of financial position in relation to the Supporter Put Option until the exercise of the Supporter Put Option by the Supporter. Management considered the fair value of the Supporter Shares is positively correlated to the consolidated net asset value of Melati which was minimal as at December 31, 2022, therefore the fair value of the Supporter Shares was nil (December 31, 2021: Nil). No supporter shares were issued as at 31 December 2022.

c. Share-based payment transactions with cash alternatives — Continued

- (ii) On May 23, 2013, the Group entered into the Investor Subscription Agreement and the Investor Loan Purchase Agreement with an independent third party (the “Investor”), the Group will allot to the Investor 9.99 per cent shares of an indirect wholly-owned subsidiary (“Rafflesia”) (the “Investor Shares”) and assign to the Investor 9.99 per cent of all the unsecured and non-interest bearing shareholder’s loan to Rafflesia (the “Investor Shareholder’s Loans”) at the time when the occupation permit of the premium Grade A office building in Jakarta, Indonesia is issued. This arrangement will allow the Investor to have 9.99 per cent of the Group’s Indonesian development project at a consideration of an amount which represents the same percentage (9.99 per cent) of the total investment cost incurred by the Group in the Indonesian development project plus finance charge from the completion date of the land acquisition to the time the shares are subscribed.

In addition, the Group granted to the Investor a right (but not an obligation) to require the Group, at any time on or after May 23, 2023, to purchase from the Investor all (but not part) of the Investor Shares and to take assignment of all the then outstanding Investor Shareholder’s Loans (the “Investor Put Option”). The Investor Put Option enables a structure which allows the Investor to realise its investment and prevents unknown parties from becoming a stakeholder in Rafflesia, so far as practicable. The Investor Put Option was granted at no premium.

When the consolidated net asset value of Rafflesia is positive, Investor Shareholder’s Loans are to be assigned at the face amount and the Investor Shares are to be issued at its corresponding portion of the consolidated net asset value of Rafflesia; or when the consolidated net asset value of Rafflesia is negative, the Investor Shareholder’s Loans are to be assigned at the face amount after deduction of the absolute value of the corresponding portion of the consolidated net asset value of Rafflesia (in case of any shortfall after the deduction), the Investor is required to settle the shortfall. The Investor Shares are to be issued at nominal value of US\$1.

Management considered the fair value of the Investor Shares is positively correlated to the consolidated net asset value of Rafflesia which was minimal as at December 31, 2022, therefore the fair value of the Investor Shares was nil (December 31, 2021: Nil).

35. FINANCIAL RISK MANAGEMENT

The Group's investment policy is to prudently invest all surplus funds managed by the Group in a manner which will satisfy liquidity requirements, safeguard financial assets and manage risks while optimising return on investments.

The Group's activities expose it to a variety of financial risks: foreign exchange risk, credit risk, liquidity risk and fair value interest rate risk. The Group's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Group's performance.

Financial risk management is carried out by a central treasury department ("Group Treasury") under policies approved by the Board. Group Treasury identifies, evaluates and hedges financial risks in close co-operation with the Group's business units. The Board provides principal policies for overall financial risk management, as well as written policies covering specific areas, such as foreign exchange risk, interest rate risk, credit risk, use of derivative financial instruments and non-derivative financial instruments, and investing excess liquidity.

a. Foreign exchange risk

At the reporting date, the Group's exposure to foreign currency risk arising from significant recognised financial assets or liabilities is as follows:

HK\$ million	2022 US dollar	2021 US dollar
Cash and cash equivalents and short-term deposits	140	2,761
Guaranteed notes (including interest)	(6,250)	(8,680)
	(6,110)	(5,919)

The Group operates in the Asia-Pacific region and is exposed to foreign exchange risk arising from various currency exposures. Foreign exchange risk arises from future commercial transactions, recognised assets and liabilities and net investments in foreign operations. The risk management policy is to have the liquid assets mainly denominated in Hong Kong dollars and US dollars. As US dollar is pegged to Hong Kong dollar, the Group does not expect any significant movements in the US dollar/Hong Kong dollar exchange rate. The Group ensures that the net exposure is kept to an acceptable level by buying or selling foreign currencies at spot rates where necessary to address short-term imbalances. In addition, the Group may use derivative financial instruments to hedge the risk exposure when appropriate.

35. FINANCIAL RISK MANAGEMENT — CONTINUED

a. Foreign exchange risk — Continued

The Group has certain investments in foreign operations, where the net assets are exposed to foreign currency translation risk. The Group's currency exposures with respect to these operations are mainly from Thai baht, Japanese yen and Indonesian rupiah.

Sensitivity analysis for foreign currency exposure

The table below summaries the impact on profit after tax and equity if Hong Kong dollar had appreciated by, one (1) per cent against US dollar or five (5) per cent against other currencies including Thai baht, Japanese yen and Indonesian rupiah at December 31, 2022. This represents the translation of financial assets and liabilities at the end of the reporting period. It assumes that all other variables, in particular interest rates, remain constant. The analysis is performed on the same basis as 2021.

HK\$ million	2022		2021	
	Increase/ (decrease) in profit after tax	Decrease in other comprehensive income for currency translation	Increase/ (Decrease) in profit after tax	Decrease in other comprehensive income for currency translation
US dollar	61	—	59	(1)
Thai baht	—	(42)	—	(45)
Japanese yen	(1)	(107)	(1)	(108)
Indonesian rupiah	—	(176)	—	(207)

b. Credit risk

The Group is exposed to credit risk, which is the risk that a counterparty will be unable to pay outstanding amounts in full when due. The Group has policies in place to ensure that the pre-sale of the properties is binding and enforceable. For the property investment and other business segments, the Group obtained rental deposits from the tenants while for other businesses, certain customers are fellow subsidiaries and related parties which the credit risk is relatively low and other individual customers are with good repayment history. Overall expected credit risk of trade and other receivable and receivables due from fellow subsidiaries and related parties is considered minimal.

As at December 31, 2022, the Group has a certain concentration of credit risk as 21 per cent (December 31, 2021: 36 per cent) of the total trade receivables was due from three customers.

c. Liquidity risk

Due to the dynamic nature of the Group's underlying businesses, prudent liquidity risk management implies maintaining sufficient cash and cash equivalents to meet operational needs and possible investment opportunities.

The table below analyses the Group's financial liabilities into relevant maturity groupings based on the remaining period at the end of the reporting period to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flows (including interest payments computed using contractual rates or if floating, based on most current interest rates at the end of the reporting period).

d. Interest rate risks

Apart from the cash and cash equivalents and short-term deposits which are for working capital, the Group has no significant interest-bearing assets. The Group's income and operating cash flows are substantially independent of changes in market interest rates.

The Group's interest rate risk arises primarily from long-term borrowings. Borrowings at variable rates and fixed rates expose the Group to cash flow interest rate risk and fair value interest rate risk respectively.

35. FINANCIAL RISK MANAGEMENT — CONTINUED

d. Interest rate risks — Continued

The following table details the interest rate profile of the Group's borrowings.

	2022		2021	
	Effective interest rate	HK\$ million	Effective interest rate	HK\$ million
Fixed rate borrowings:				
Guaranteed notes (note 22)	5.25%	6,201	5.16%	8,584
Variable rate borrowings:				
Bank borrowings (note 22)	2.88%	2,773	1.90%	2,723
Total borrowings		8,974		11,307

If interest rate on variable rate borrowings had increased/decreased by 50 basis points as at December 31, 2022 (December 31, 2021: 50 basis points) with all other variables held constant, the Group's finance costs recognised in the consolidated statement of comprehensive income for the year ended December 31, 2022 would have increased/decreased by approximately HK\$14 million (December 31, 2021: HK\$11 million) and the Group's loss after tax would have increased/decreased by approximately HK\$14 million (December 31, 2021: HK\$11 million), taking into account of the capitalisation of finance cost into properties under development/held for sale, properties held for development and property, plant and equipment.

36. CAPITAL MANAGEMENT

The Group's primary objectives when managing capital are to safeguard the Group's ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders, and to maintain an optimal capital structure to reduce the cost of capital.

The Group actively and regularly reviews and manages its capital structure to maintain a balance between the higher shareholder returns that might be possible with higher level of borrowings and the advantages and security afforded by a sound capital position, and makes adjustments to the capital structure in light of changes in economic conditions.

The Group monitors capital on the basis of the debt-to-adjusted capital ratio. This ratio is calculated as net debt divided by adjusted capital. Net debt is calculated as short-term and long-term borrowings less cash and cash equivalents. Adjusted capital comprises the issued equity, retained earnings and non-controlling interests.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022 (Amount expressed in Hong Kong dollars unless otherwise stated)

36. CAPITAL MANAGEMENT — CONTINUED

The debt-to-adjusted capital ratio at both December 31, 2022 and 2021 are as follows:

HK\$ million	2022	2021
Short-term borrowings	615	2,417
Current portion of long-term borrowings	9	10
Long-term borrowings	8,350	8,880
Less: Cash and cash equivalents	(596)	(1,516)
Net debt	8,378	9,791
Issued equity	3,802	3,802
Add: (Accumulated losses)/Retained earnings	(574)	24
Add: Non-controlling interests	133	133
Adjusted capital	3,361	3,959
Debt-to-adjusted capital ratio	249%	247%

Neither the Company nor any of its subsidiaries are subject to externally imposed capital requirements, except for the financial covenant requirements under the loan facility agreements with external parties (note 22).

37. FAIR VALUE ESTIMATION

a. Financial instruments carried at fair value

The table below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined as follows:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1).
- Inputs other than quoted prices that are observable either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2).
- Inputs for asset or liability that are not based on observable market data (level 3).

37. FAIR VALUE ESTIMATION — CONTINUED

a. Financial instruments carried at fair value — Continued

See note 14 for disclosure of the investment properties that are measured at fair value.

HK\$ million	2022			Total
	Level 1	Level 2	Level 3	
Recurring fair value measurements				
Assets				
Financial assets at fair value through profit or loss	1	—	—	1

HK\$ million	2021			Total
	Level 1	Level 2	Level 3	
Recurring fair value measurements				
Assets				
Financial assets at fair value through profit or loss	1	7	—	8

During the years ended December 31, 2022 and December 31, 2021, there were no transfers of financial instruments between different levels. There were no changes in valuation techniques during the years.

b. Fair value of financial liabilities measured at amortised cost

All financial instruments are carried at amounts not materially different from their fair values as at December 31, 2022 and December 31, 2021 except as follows:

HK\$ million	2022		2021	
	Carrying amount	Fair value	Carrying amount	Fair value
Guaranteed notes (note 22)	6,201	5,043	8,584	8,643

The fair values of short-term and long-term borrowings are the net present value of the estimated future cash flows discounted at the prevailing market rates. The fair values are within level 2 of the fair value hierarchy.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022 (Amount expressed in Hong Kong dollars unless otherwise stated)

37. FAIR VALUE ESTIMATION — CONTINUED

b. Fair value of financial liabilities measured at amortised cost — Continued

(a) Financial instruments in level 1

The fair value of financial instruments traded in active markets is based on quoted market prices at the end of the reporting period. A market is regarded as active if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. The quoted market price used for financial assets held by the group is the current bid price. These instruments are included in level 1. Instruments included in level 1 comprise primarily listed equity investments classified as financial assets at fair value through profit or loss.

(b) Financial instruments in level 2

The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives) are determined by using valuation techniques. These valuation techniques maximise the use of observable market data where it is available and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

Specific valuation techniques used to value financial instruments include:

- Quoted market prices or dealer quotes for similar instruments;
- Dealer quoted price, taking into account of the spot and forward exchange rates that are quoted in an active market and the observable yield curves and the implied volatility; and
- Other techniques, such as discounted cash flow analysis, are used to determine fair value for the remaining financial instruments.
